TWELVE PAGES

SENTENCES OF 4 BOYS SUSPENDED

Loren Woods, Howard Higgs, Warren Dagler and Clayton Cooper Free on Good Behavior

UP BEFORE MAYOR THOMAS

Woods Implicates Others in Theft of Suit Case From Automobile of Shelbyville Man

Four young men, ranging in ages from 18 to 20, who were Loren Woods, Howard Higgs, Warren Dagler and Clayton Cooper, were placed in jail today on a charge of petit larceny in connection with the theft of a suit case belonging to H. K. Norris of Shelbyville, and when arraigned this afternoon, each pleaded guilty and were given a sentence of six months at the State Penal farm, by Mayor Thomas.

The sentence was suspended upon condition that the boys behave themselves in the future, and be off the streets by 10 o'clock each night, unless they can give a good reason for not being home at that time.

The quartet was implicated Wednesday night following the theft of a suit case from an automobile belonging to the Shelbyville man, which was parked near the First Presbyterian church.

Woods was arrested late last night by Patrolman Nicholson, after the Shelbyville man reported the theft to the police, and the other three were placed in jail this morning by Chief O'Neil and Patrolman Lakin.

Prosecutor Stevens, who investigated the affair, said he obtained the confession from Woods at the jail this morning.

According to the story related to the prosecutor, Dagler and Higgs appeared at a restaurant last night near the church, and informed Woods, who is employed in the restaurant, that there was a machine near the church which had some liquor in a suit case.

The trio left the restaurant and Higgs is alleged to have taken the suit case from the Ford sedan and given it to Woods, who went alone to a place near the Havens school, where he told the prosecutor he hid it.

Later in the night it is said that the trio got in company with Cooper, who owns a motorcycle with a side car attachment, and they went to the hiding place and loaded the suit case in it, and all except Dagler went to the white bridge, near the cemetery, where they opened it.

The case contained some food, two thermos bottles and several other articles, instead of the liquor which they expected to find. The food was eaten, the two thermos bottles divided between two of the boys and some of the contents thrown into the river and a few articles left in the suit case, which was brought back and taken to the rooming house of Woods.

It is said that Woods later removed the suit case to a place in South Pearl street, where it was recovered. Mr. Norris said that he recovered practically everything of any value, and did not wish to prosecute the case, but it is said that a stop will be made to young people loitering on the streets at late hours.

Much complaint has been heard recently about the conduct of young people in local restaurants at late hours in the night and early morning hours, and it will probably result in the police having orders to jail young people who cannot give a good account of themselves in the early morning hours.

LEGION MEETS TONIGHT

Rush Post 150, American Legion, will meet tonight at eight o'clock at rooms in West Second street, and a large attendance is desired.

TRUCK TO ARRIVE FRIDAY

The new Seagrave fire truck was delayed a day in leaving Columbus, O., it was learned this afternoon, and that it was to arrive in Richmond late this afternoon and remain all night. A demonstration will be given there in the morning, and the truck will probably arrive here Friday afternoon.

"The Far-Away Princess" to Discard Far-away Surroundings and ask Aid

High School Senior Class Play Reaches Point Where Management Is Concerned With the Success of the Show From a "Full House" Standpoint.

By MR. R. H. S.

From now on "The Far-Away Princess" will discard her far-away surroundings and come to you for aid. The Senior Class play has now reached that point where the management is concerned with the success of the show from a "full house" standpoint, properly speaking.

A large audience is essential to all shows. This is an iron bound rule with no exceptions. Of course, the punkiest situation that ever developed is a good crowd and a rotten show. Now we will give our word of honor that this won't happen. We'll stake our own fair reputation and also the reputation of the Senior class and the whole high school on this. In other words, if the house is packed for both performances, the show will be a success. In still other words, "we've got the show, you get the crowd."

The cast is rehearsing every evening, and will devote the next two

weeks with putting on the finishing touches. The scenery has successfully survived the process of construction and now adorns the stage, making it a beautiful sight to behold. The choruses for the musical numbers (stupid remark! what would a chorus be for if it wasn't a musical number) but anyway, as we were saying before our common sense interrupted, the choruses are now practicing. They are under the direct supervision of Miss McConnell—and you know that means good choruses.

Tickets are now on sale. Members of the Senior class have them. Some of the Seniors haven't had sufficient training in the arts of salesmanship and are a bit backward so if they fail to approach you concerning the purchase of a ticket—go up and ask 'em yourself. The reserved seats will be put on sale Saturday, April 22, at Pitman and Wilson's drug store. The tickets that the Seniors are now selling can be exchanged for reserved seats then. So, it's up to you—to buy a ticket and help the good cause along.

P. S. The reserved seats go on sale at one o'clock. Almost forgot that.

NOW GOES ON TRIAL BEFORE THE PUBLIC

One of Arbuckle's Pictures Will be Released at Once to Test Out His Popularity

ACQUITTED BY THE JURY

(By United Press)

San Francisco, April 13.—Roscoe Arbuckle, acquitted of the killing of Virginia Rappe, now goes on trial before the public.

The big comedian was tremendously interested in news from New York that the Famous-Players corporation will immediately release one of his pictures to test out his popularity.

The question of whether Arbuckle will be asked to remain in the movies will be decided by the way the public greets this picture, according to word from New York.

The verdict of "not guilty" came late yesterday at the conclusion of Arbuckle's third trial on a charge of causing the death of Virginia Rappe, beautiful movie actress during a "wild party" at a San Francisco hotel, last Labor Day.

The jury, it was reported, took less than one minute to complete the ballot acquitting Arbuckle. It took considerably longer, however, for all details to be cleared up and for the jurors to return to the box to deliver the verdict.

LEADERS TURN TO WEST VIRGINIA FIELD

Legal Counsel for Strikers Prepare to Appeal From Decision of Judge McClintic

ORGANIZERS ARE ENJOINED

(By United Press)

Indianapolis, Ind., April 13.—Leaders in the nation wide coal strike turned their attacks toward non union fields of West Virginia today where their organized activities were enjoined by Federal Judge McClintic.

Legal counsel of the miners met at Charleston to perfect an appeal from the decision which union chiefs regarded as a direct blow at collective bargaining.

The open shop fields of West Virginia are more menacing to the success of the strike than any other single factor in the entire situation, it was said. They have been the center of unionization work for a number of years, especially since the strike started April 1.

It was learned union agents are still busy and await the outcome of the conference of attorneys who met to review all legal aspects of the matter.

"DOUBLE HEADER" LAW SUIT IS HEARD

Jury to Decide Whether Ed Thorpe and Harley Willey Owe Fred Hilligoss

OR HILLIGOSS OWES THEM

Judge Sparks to Determine Merit of Supplemental Complaint Filed By T. K. Mull

A "double header" law suit occupied attention in the circuit court today, in which a jury was hearing a portion of the case, and the other angle was scheduled to be heard by Judge Sparks, without the services of a jury.

The title of the suit was a complaint on a note and account in which Fred Hilligoss was plaintiff and Ed Thorpe and Harley Willey, defendants.

Hilligoss in his complaint demanded \$165, and Thorpe filed a cross complaint demanding a like amount from the plaintiff, and it was upon this ground that the jury was hearing the evidence.

A supplemental complaint was filed by Thomas K. Mull of Manila against the personal property involved, as he alleges that he has a first mortgage against the property. This part of the case would be heard by Judge Sparks, who will have to determine if there is a mortgage, and the amount due, if any, upon the mortgage.

The suit is an unusual court procedure, having two different sides, in which the plaintiff and defendant each claim that the one owes the other, and a third party steps in and says that his first mortgage stands in the way of a settlement in either case.

The matter to determine who would get judgment in the first part would be settled today by the jury, which was expected to have this part of the case late today, and then the court will hear the evidence on the mortgage case.

The jury selected this morning which heard the case today consisted of the following men: James J. Rhodes, Leo F. Billings, Charles Lamberson, Michael Lovett, William Rawlings, Fred Pike, William N. Hinshaw, John Jordon, Edgar Martin, Darius Pattison, Hays Beaver and Charles Hugo.

The jury will be in use again Friday when the case of the State against Myers and Smiley will be tried, the action being for the unlawful possession of liquor.

CONDEMNNS 35 BUILDINGS

Indianapolis, April 13.—The state board of health today condemned thirty-five school buildings in Indiana as unsanitary. The schools will have to be brought up to the standard required by the board before the term starts next fall or they cannot be opened.

NEXT MEETING TO BE HELD AT AURORA

Annual Session of Woman's Home and Foreign Missionary Societies of Presbytery Ends

OFFICERS ARE ELECTED

Closing Session Devoted to Discussion of Young Peoples' Work—Pageant by Local People

The forty-sixth annual meeting of the Woman's Home and Foreign Missionary societies of the Whitewater presbytery closed at the First Presbyterian church Wednesday evening with a session devoted to young peoples' work, which was led by Miss Anna Stearns of College Corner, Ohio, and which was featured with a pageant by the young people of the Rushville church.

At the last business session late Wednesday afternoon, officers were elected for the ensuing year and Aurora, Ind., was selected for the 1923 meeting, which will be held some time next spring.

The conference here was regarded as one of the most successful ever held in the Whitewater presbytery, both from the standpoint of attendance was believed to be due to the fact that Rushville is so centrally located and so accessible by rail from all parts of the presbytery, which embraces practically all of southeastern Indiana, running as far north as Wayne county.

The young people of the local church participating in the pageant Wednesday evening were highly complimented for their work, depicting the work of foreign missionary work. Each of the large cast of characters represented a non-Christian nation to which the church is carrying and continues to carry the gospel.

Others participating in the Wednesday night session were Miss Marie Preston of New York City, field secretary of the Woman's Home board; the Rev. Howard Campbell, missionary to Siam; Mrs. F. F. McCrea of Indianapolis, president of the missionary societies of the Indiana synod, together with a number of delegates who made brief remarks.

In the election of officers, Mrs. S. A. Bonner of Greensburg was continued as president emeritus and Miss Mary Rankin of Kingston was re-elected president. Mrs. Charles Bond of Richmond was elected vice-president to succeed Mrs. S. L. Major of Shelbyville; Mrs. A. O. Morris of Knightstown was elected Home and Freedman treasurer and Mrs. Martin Reifel of Connersville was again chosen for foreign treasurer.

The following secretaries of departments were elected: Mrs. W. F. Gilchrist of Greensburg, Home, Foreign and Freedman; Miss Anna Stearns of College Corner, children and young people; Miss Anna Kenley of Richmond, Westminster Guild; Mrs. E. R. Gilhes of Newcastle, literature and recording; Mrs. Bond, education and extension; Mrs. E. C. Liddle of this city, overseas sewing.

INJURY CAUSES POISONING

David Whitham, 68, Dies as a Result at His Home Here.

David Whitham expired about midnight at his home, 320 North Spencer street, death being caused from blood poisoning, following an injury which he received a few weeks ago while employed at a local factory. The deceased would have been 69 years old Saturday, had he lived. He moved here with his family several years ago from Osgood, and is survived by a widow and two sons.

The funeral services will be held Friday morning at eight o'clock at the late home in charge of the Rev. Mrs. Emma Miller, and the cortege will leave overland for Osgood, where interment will be held.

DRIVE ON LAW VIOLATORS

Indianapolis, April 13.—State, fish and game wardens began a spring drive today against fishermen who use seines, dynamite and spears.

OWEN E. GWINNUP IS DEAD

Farmer Living Near the Applegate School House Expires Today

Owen E. Gwinnup, age twenty-five years, died at his home southeast of the city, near the Applegate school house, this morning about four o'clock. He is survived by the widow and a daughter who is three years old, besides his parents, Mr. and Mrs. Luther Gwinnup.

The cortege will leave the late residence Sunday morning at nine-thirty o'clock for New Salem and the funeral services will be held at the M. P. church there at ten o'clock. Burial will take place in Hopewell cemetery.

COPY FOR BALLOTS SENT TO PRINTER

Prepared Today When Last Declarations of Candidacy in Primary Election Are Filed

STATE CONVENTION DELEGATES

Secretary of State Certifies Names of Candidates—Absent Voters Ballots Sought

The copy for the primary election ballots were delivered today and printing will soon be under way on the republican and democrat ballots for the May 2 election.

The last day for filing for offices closed April 1, but the candidates for delegates to the two state conventions had until Wednesday night to file, and each party completed the list with the republicans having 15 delegates and the democrats 11.

The republican state convention delegates from Rush county will number one from each township, and four from Rushville township, making the total 15, while the democratic convention call is for one from each township, excepting Noble and Richland, which has one joint delegate, placing their total at 11.

The republican delegates are as follows: Thomas K. Mull, Walker; Lloyd Wagoner, Orange; Will H. McMillin, Union; Frank M. Hudelson, Center; Samuel R. Newhouse, Jackson; Rice C. Hill, Ripley; E. O. George, Richland; John W. Anderson, Anderson; Verne W. Norris, John Geraghty, Frank Wilson, Noble and George W. Young, Rushville; John F. McKee, Noble; Charles M. Phillips, Posey and Charles H. Elwell, Washington.

The democrat delegates are as follows: Ray Selby, Anderson; Thomas S. Mills, Jackson; Morris M. Winship, Rushville; Roy Herkless, Ripley; Fred Gross, Walker; Elihu Price, Posey; Lee Roy Divilbiss, Center; J. Frank Wilson, Noble and Richland; Wilson Dobbins, Washington; William Hennessey, Orange; Homer M. Nash, Washington. County Clerk Loren Martin has Continued on Page Six

AT LEAST FOUR ARE KILLED IN EXPLOSION

Shipment of War Munitions in Port Terminals at Charleston, S. C., Lets Go Today

TWO OTHER MEN MISSING

Charleston, South Carolina, April 13.—At least four persons are believed to have been killed when a shipment of war munitions exploded in the port terminals here today. Two other men are missing, and it is feared they were killed.

The building in which the munitions were stored was demolished. Several other nearby buildings were also badly damaged. Practically every window glass in northern Charleston was reported broken by the blast, which was felt in Charleston nine miles away. The explosion blew part of the building where the munitions were stored, in all directions within the blast's radius.

Reports indicate that few people were in the immediate vicinity. Persons in nearby homes rushed to the streets.

SAYS STORY OF ARK IS LITERAL HISTORY

Dr. Munhall Declares That in Last Days Pretty Much Same Condition of Affairs Will Exist

CITES BIBLE TO PROVE IT

Evangelist at M. E. Church Names 11 Animals Entering Ark Illustrating Peculiarities of Unsaved

Dr. L. W. Munhall declared the story of Noah and the ark to be literal history in his sermon at the St. Paul's church revival services Wednesday evening and enumerated eleven different kinds of animals entering the ark having distinctive characteristics similar to unsaved people today.

His afternoon subject was "Evolution." The interest and attendance at the special services are still on the increase.

"Noah and the Deluge," or "Sin and Destruction" was the subject of the evening discourse. The preacher declared the story to be literal history, as did Jesus (see Matt. 24:37-39). He showed how "by faith Noah, being named of God of things not seen as yet, moved with fear, prepared an ark to the saving of his house; by which he condemned the world, and became heir of the righteousness which is by faith (Heb. 11:7).

The preacher then called attention to the fact that afterwards God assured Noah that he would not again destroy the wicked by a flood. But He will by fire, 2 Peter 3:10. And He has provided a way of escape through His only begotten Son, typified by the ark, Noah had built. That in the last days pretty much the same condition of affairs shall exist as immediately preceded the flood. Compare Rom. 1:12-32 and 2 Tim. 3:1-7. The storm of God's wrath is gathering and impending. See 2 Thess. 1:6-10 and 1 Thess. 4:1-6. Let us all do as did Noah take refuge while we may. The preacher then named eleven different animals that entered the ark, and called attention to their distinctive peculiarities as illustrating peculiarities of unsaved people in these days.

Friday afternoon at 2:30 Dr. Munhall will preach on "Let Your Women Keep Silence in the Churches" and Sunday afternoon the great lecture on "The Books of Books" will be given. This is said to be Dr. Munhall's masterpiece and will doubtless have a large hearing. Evening meetings tonight and Friday at 7:30 p. m.

In his sermon on "Evolution" at the afternoon meeting, Dr. Munhall showed how it was in conflict with the Bible story of creation and the teaching of Jesus, and therefore, essentially infidel. He insisted that it was in no sense science and therefore should not be taught in our school. Darwin himself never claimed for it more than an hypothesis. No scientist in Germany ever accepted it, save the author of the riddle of the universe who was proven to be a fraud in his contentions. Species have been crossed, it is true, but they have never been able to perpetuate themselves. God's law thus far may you go, but no farther. The missing link has not been found and according to Virchow, Kelvin and others, of the highest scientific authority, never will be.

DUE A WEEK FROM MONDAY

New Trucks Bought by County Will be Stationed at Mays and Milroy

The two Annleider motor trucks, fully equipped, which were purchased last Saturday by the county board of commissioners, are expected to be delivered here one week from next Monday and will be put into the service of the county highway department.

Hal Green, county highway superintendent, announced that one of the new trucks would be stationed at Milroy and one at Mays and the truck now in use will still remain in Rushville.

PREVENT BIG SHEEP LOSSES

Poisonous Plants Frequently Grow in Thick Patches and Cause Death of Animals.

(Prepared by the United States Department of Agriculture.)

Death camas causes heavy losses of sheep in the spring and early summer. It is not unusual for several hundred to die within a day or two. The camas plants frequently grows in thick patches, and because of their grasslike leaves are overlooked. If sheep are close-herded in such places many of them will be poisoned, and most of those poisoned are likely to die.

Especially care should be used when sheep are taken from the cars and released for grazing. If they have not been fed, as is frequently the case, and are turned out on a range where death camas is abundant, the resulting losses may be very heavy. There have been many cases of this kind. If death camas is present that part of the range should be avoided. If it is necessary to trail sheep where death camas is known, the animals should be well fed before coming to that place.

Sheep herders should learn to recognize the plants and avoid them. The United States Department of Agriculture has published Department Bulletin 125, Zygodenus, or Death Camas, which tells about the plants and their effects; it has also published Bulletin 575, Stock-Poisoning Plants of the Range, which gives illustrations, many colored, of the principal poisonous plants of the western United States.

There are several kinds of death camas and until recently it has been supposed that all were equally poisonous. As the result of recent experimental work, which is in course of publication, it has been found that the death camas which in the western

Sheep Grazing on a Western Range.

mountains grows at elevations of 8,000 feet and upward is only slightly poisonous and probably never injures range sheep. All the forms growing at lower altitudes are dangerous, but this mountain death camas probably never does any harm.

SEVERAL USES FOR ALFALFA

Experts Term It Nearly Perfect Forage—As Hay It Is Unsurpassed for Feeding.

(Prepared by the United States Department of Agriculture.)

"A nearly perfect forage"—that is the height of praise heaped upon alfalfa by R. A. Oakley and H. L. Westover of the United States Department of Agriculture in a new Farmers' Bulletin, Utilization of Alfalfa, just issued. And when the good qualities of this crop are enumerated it is evident that some such description is warranted. As a hay it is unsurpassed for general feeding; as a pasture it has a high carrying capacity and produces large gains; as a silage crop it is valuable with proper handling; it

Cattle Grazing on Alfalfa.

makes excellent silage; and when ground into meal it is a good and easily handled feed. In addition to those good qualities it is of great value as a soil improver. Attempts have even been made to introduce it as a human food and as a medicine, but it cannot compete with other staples as a food and it has no special medicinal properties.

Although not detailed enough to make laborious reading, each subject from haymaking on through to alfalfa meal manufacture, and a consideration of fake and fad alfalfa products, is treated so fully as to give the reader a thorough understanding of the possibilities of this great crop. Those who are inclined to be too enthusiastic over certain uses will find reason in the collected experience of many growers and feeders to modify their views, for alfalfa is not a panacea for all the troubles of the farm and feedlot. Consideration is given to the needs of dairy cattle, beef cattle, hogs, sheep,

horses and poultry, and to the crop in various forms, including hay, pasture, silage, straw, soiling feed, tea and meal.

Those who are interested should write to the United States Department of Agriculture, Washington, for Farmers' Bulletin 1229, which will be sent free of charge.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c

Election Returns

Although anti-prohibitionists are "ratifying" over the so-called victory of two wet candidates for congress in the Illinois primary election Tuesday and the near-defeat of a dry candidate for congress in a special election in New York state recently, the proponents of the eighteenth amendment and the Volstead enforcement act are fortified by the fact that dry sentiment is not on the decline though these votes in isolated districts may indicate it.

The wet and dry issue was an outstanding one in the eleventh and sixteenth districts in Illinois and the dries attribute their defeat to the fact that a full vote was out in the cities, whereas the vote among

Never have your troubles half-soled.

Popularity is dearer to a politician's heart than principles.

Don't confuse success with cash. The world's greatest men were poor.

The cornerstone of civilization are people who breakfast at 6:30 or 7 a. m.

"Safety first" is the idea of a small man who uses the long distance 'phone to call a big man a liar.

HEZ HECK SAYS:

"Don't tell the boss to go to hell till you hev another job in sight."

the farmers, where prohibition sentiment exists, was very light, due to heavy rains and bad roads, which kept the voters at home. The same condition existed in New York where the republican candidate was elected to congress with a majority of 3,000. The majority in the same district was 30,000 in 1920, which was a year of abnormal majorities.

It is unbelievable that the people of the United States will return to the dark ages when the legalized liquor traffic existed, flouted the law, made a mockery of justice and brought so much misery into the world.

We feel sure that people who are willing to weigh the facts carefully will not vote for a return of the open saloon because statistics prove that prohibition has been beneficial, regardless of what wet exponents may say to the contrary.

The amount expended in enforcement last year was \$6,250,000. The fines, taxes and other penalties amount to over \$63,000,000. During the year 29,114 criminal cases were commenced, 16,610 offenders pleaded guilty, 17,962 were convicted, and 765 were acquitted.

What has been the effect of prohibition on crime, alcoholism, bank deposits, employment and home life? Let the facts speak for themselves. Murders decreased 51 per cent, burglaries 40 per cent and robberies 6 per cent in Chicago according to the report of Director Chamberlain of the Chicago crime commission. In Boston in 1917, the last year of unrestricted license, the

arrests for drunkenness were 72,897. In 1921, under prohibition, 30,409. In the state of Massachusetts in 1917 arrests for drunkenness were 129,455. In 1921, under prohibition 56,932.

The Hodge-Podge

By a Paragapher With a Soul

Some wives even begrudge their husbands the few words they say in their sleep.

It is fortunate that the egg fifty-two years old, owned by a Connorsville man, was boiled in its infancy.

A judge has ruled that a flapper's style can't be cramped. It didn't require a court decision to prove that to us.

The Genoa conference proposes to include the United States in the bank conference. Why not, since we are the bank?

In the springtime, the buds bud and the poets perspire in poetical perturbation, but there is nothing to relieve us from the bipped bores.

Trouble never bothers some folks because they can't recognize it.

Practical jokes are seldom practical when the joke is turned onto them.

Some people expect to get busy when good times come and good times are waiting on them to get busy.

RUSHVILLE GOES
INTO THE LEAGUE

Management of Tail Lights Decides
to Cast Lot With Southeast-
ern Indiana Organization

SEASON TO OPEN ON APRIL 23

Locals Will Play Opener at Greens-
burg—First Game Next Sunday
With Arlington Here

Rushville is now a full fledged member of the Southeastern Indiana baseball league, and the fans of Rush county and vicinity will see the best season in the history of the diamond sport, as the ten teams in the league will put up a great fight for the league pennant to be awarded at the end of the season.

Rushville officials of the Tail Lights club were in Shelbyville Wednesday night and completed the arrangements, making the necessary deposit, and signing up for the regulations of the league, which provide for a salaried team, not to exceed \$150 a game, and other smaller items which will govern all teams.

The schedule will begin April 23, when the Tail Lights open the season at Greensburg, and the next game will be played here on the following Sunday, with Greensburg again.

The league officials had previously prepared a schedule for eight teams, but Greensburg and Rushville each wanted to join, and the officials were to meet today to draft a new schedule and it will be announced as soon as it has been completed. While the schedule is being

WEST THIRD STREET GROUNDS
2:30 O'CLOCK

Arlington Red Sox

vs.

Rushville Tail Lights

Of the Indiana Baseball League

Be On Hand And See The Opening Game Of The Season

made over, it was decided to have Rushville and Greensburg play their first games together, so that there would be no hitch in the starting off of the season on April 23.

Hope and Greenwood, which had excellent teams in the first last year, will be road teams this season because the towns are not large enough to support a home team, and these teams will play each other during the season on neutral grounds during the absence of the regular team from the city.

The Tail Lights will stage a practice game here Sunday with the Arlington Red Sox, and the entire lineup for the starter will be used by Rushville, including Plummer in the box. This game will be started at 2:30 sharp.

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

Mrs. Harry McMann entertained the members of the Cross Country club Wednesday afternoon at her home north of the city. An informal social afternoon was enjoyed by the guests and the hostess served a delicious luncheon.

Miss Ruth Seward entertained with a six o'clock dinner party Sunday in honor of her mother's birthday. Covers were laid for Mr. and Mrs. Quince Whitton and children Elizabeth and Robert, Mrs. Stella Davis and Miss Veva Seward of Arlington.

Miss Gertrude Elliott entertained the teachers of the Webb school Wednesday evening with a prettily appointed dinner party at her home in Connorsville. The guests were the Misses Margaret Mahin, Sylvia Mullins, Marie Laughlin, Henrietta Talbot and Mary Cheevers.

Miss Louise Thompson, daughter of Mr. and Mrs. George Thompson, and Bert Redden of this county, were united in marriage Tuesday afternoon at 2:30 o'clock by the Rev. C. S. Black at the St. Paul's M. E. parsonage. Mr. and Mrs. Redden will reside on a farm southwest of the city.

The W. W. T. class of the First Baptist church held its regular meeting Wednesday evening at the home of the Misses Mary and Mattie Bates in West Tenth street. A short business meeting was held followed by a social hour during which games and music was enjoyed. Light refreshments were served by the hostesses.

Miss Nora E. Wright, a nurse of this city and Robert McIntyre, also of this city, were quietly married Wednesday evening at 8 o'clock at the St. Paul's M. E. parsonage by the Rev. C. S. Black, the ring cere-

mony of the Methodist Episcopal church being used. The bride is well known in this city, having been engaged as a nurse here for several years. The bridegroom has been a clerk at Allen's grocery store for a number of years. Mr. and Mrs. McIntyre will reside in this city.

The W. R. C. met in regular session Wednesday afternoon in the G. A. R. room of the court house. The program opened with a business session during which business matters of importance were transacted. Mr. Bosworth who is a comrade, was present for this meeting. The organization celebrated Grand Army day and Mrs. Margaret English read an interesting paper on the Grand Army and closed with a recitation, "My Flag of '61." The members received an invitation from the auxiliary of Sons of Veterans to meet with them in two weeks to celebrate Grant's birthday.

Announcements have been made of the marriage of Miss Nina Mae Seward, daughter of Charles G. Seward of Robinson, Illinois, and Harry Taylor, son of Mr. and Mrs. Charles Taylor of Robinson, Illinois. They were quietly married April 3 at Robinson, Ill., by the Rev. Harry White. The bride is well known in and around Arlington, where she made her home with her aunt, Stella M. Davis, from the time she was five years old until she graduated from the Arlington high school in the class of 1921. The bridegroom is employed as a book keeper for the Ohio Oil Company. Mr. and Mrs. Taylor will be at home to their friends at 501 East Chestnut Street, Robinson, Ill.

The Truth Out.
She (rejecting him)—You love me merely for my money.
He—You mean I wanted you merely for your money.

Has Been in Training.
"That fellow Jones, is an incorrigible liar, but I gotta say he is smooth at it—smooth and oily."
"Yeah; I think he married one of these women who always require explanations and alibis."

Easter

Easter Outerwear

For Women and Misses

They reveal the newest phase of fashion development. They are the "last word!" They have the elegance and character that qualify them for the most ambitious Easter outfit! They are in a word, so appealing from every viewpoint, that it would seem that any woman who selects Easter apparel without a visit to our Second Floor does herself an injustice!

Easter Suits

to gratify any whim.

Street Frocks and Afternoon Gowns

of the most recent and ravishing modes.

Graceful Coats and Capes

the elite, and favored and loveliest of fashion.

Veilings

By the yard in light or dark meshes or ready-made veils in many colors and designs. Just the thing to add to the Easter hat and frock—gives a finished appearance to the wardrobe.

All prices to suit all purses.

EASTER IS HERE!

And you want to look your very best, all nature will soon be dressed in the gayest of colors. We can help you.

HOSIERY IS IMPORTANT

Easter shoes achieve their smartest effect only when the hose above are in harmony.

The New Rolettes

Just as this ad goes to press we have received the prettiest fancy hose it has ever been our pleasure to show. The new Rolettes—garters attached—fancy hose, beautiful quality.

VanRaalte Fancy Silks—Black, White and Castor, Glove Silk, Stripes and Fancies. The hose we have been waiting on for months. Fancy Two-Toned Silk Hose—Navy and Black Striped, two colors in one hose. Everything new in Silks for Easter.

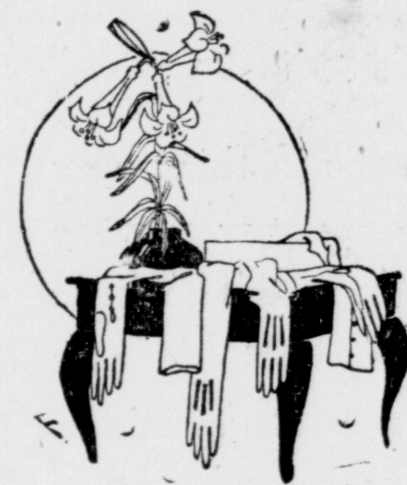

Our H300 are here in Black, Greys and White. The new shade, Nude in silk—pure silk, priced for any purse at \$1.50.

Modish Gloves for Easter Costumes

Complete assortment in Easter Gloves displaying all the fashionable 1922 novelties.

16 Button White Silk Gloves, ruffle up edge—Van Raalte make.

Strap Gauntlets in White, Black and new shade of mode. All new showing for Easter.

Handbags Are Dressier

The bags for milady's use on easter are more unusual—so many new ideas have they captured. Shapes are all so novel that an individuality can be expressed by your handbag.

BEAUTY BOXES ARE QUITE CHARMING

Beads and Girdles

Braided bead girdles are quite the vogue. Special costumes can be greatly enhanced by the use of girdles, such as these.

Colored Silk "Sun & Rain" Umbrellas for Easter

Silk Umbrellas in colors, fancy handles and tips, \$6.00, \$7.50, \$8.00 and \$10.00

The Mauzy Company

FOR WEAR EVERYWHERE

SUITS EMPLOY CHECKS

OF BEAD-TRIMMED CREPE

TO CELEBRATE ANNIVERSARY

This smart day-time dress of smooth-faced wool suiting is of the sort approved by fashion for wear everywhere that suits are worn. Its lines are graceful and simple, revealing the development of draped effects in skirts. It adopts the vogue of picturesque sleeves, lined with silk in a contrasting color, and of handsome girdles of beads or metal.

Along with other causes for rejoicing that spring is here, comes this example of its offering in suits. The design is engagingly youthful and particularly neat looking, employing shepherd's check for the skirt and for embellishing the straight coat of plain cloth. It is shown in black and white, but is also made in colors and in either case it appeals to good taste.

When you go in quest of a new blouse keep in mind two phrases—"crepe de chine" and "over the skirt," and in all the displays you will find the blouses repeating them. There are many simple over-the-skirt styles similar to the pretty blouse shown here, and they invite the seamstress to try her hand at blouse making. This is made of a colored crepe, with white in the collar and cuffs, ornamented with stitching of silk floss and trimmed with beads.

CREST IS DUE IN 36 HOURS

Indianapolis, April 13.—The crest in flood waters will be reached in lower channels of Indiana rivers within thirty-six hours, J. H. Armington, government weatherman here said today.

He said Wabash and White rivers are rising slowly and are above flood stage, but they will start receding, probably tomorrow night.

The west fork of White river rose half a foot at Elliston during

the night, making the stage 25.8 feet. On the main stream at Decker a rise of seven tenths of a foot was noted, the stage being 19.2 feet.

COPY FOR BALLOTS

SENT TO PRINTERS

Continued from Page One

received the certified copy of the list of candidates as filed with the secretary of state, and last Wednesday when the candidates had all filed for the delegates, a complete list was made and the work of

printing the ballots will begin at once.

Application for absent voters ballots are already being received and the ballots will be sent as soon as they are printed.

BODIES OF HOOSIERS ARRIVE

Columbus, O., April 13.—The bodies of four Indiana soldier dead will arrive here tomorrow for transmission to their homes. They are Leonard A. Brewer, of New Albany, Otis A. Werte and Martin V. Kendall, both of Shelbyville, and Charles C. Keefover of Vandalia.

James Whitcomb Riley Memorial Hospital Would Care for Indiana's Crippled and Ailing Children

Great Philanthropic Project Aided by Legislature

\$125,000 IS ALREADY VOTED

Memorial To Hoosier Poet Planned; Meeting In Indianapolis Today Assures Its Success

BY FRED MILLIS

"The James Whitcomb Riley Memorial Hospital for Children to be erected as a part of Indiana University in Indianapolis in connection with the Robert Long and City Hospital groups belongs to the state of Indiana," said Governor Warren T. McCray at the first public showing of the plans for the hospital at noon today at a meeting in the Riley Room in the Claypool Hotel, Indianapolis. More than 500 prominent Indiana citizens from every part of the state were present. The address of the occasion was made by James J. Davis, secretary of labor, who grew to manhood in Indiana, and who was a close personal friend of the Hoosier poet. Secretary Davis was introduced by Governor McCray. Honor guests at the luncheon included Meredith Nicholson, Booth Tarkington and George Ade. According to Governor McCray, the children's hospital is direly needed in Indiana. Thousands of Indiana boys and girls are growing to maturity with club feet, misshapen limbs, bone pressure on the brain or other afflictions that modern science could easily adjust if there were a hospital where they could go for the necessary one to six months for medical attention. Mr. McCray pointed out that the last state legislature recognized this need for a children's hospital by appropriating \$125,000.00 for the first section which is to be built this fall, and pledging the maintenance of the hospital. It was announced by Hugh McK. Landon of Indianapolis, president of the James Whitcomb Riley Memorial Association that \$2,000,000 will be needed to erect the hospital and the convalescence home, according to the plans which the hospital executive committee has been working on for the last six months.

Dr. William Lowe Bryan, president of Indiana University, averred that the state is in reality giving the hospital an endowment of \$3,000,000, in that it has provided for \$75,000 a year for the first two years and \$50,000 a year continuously thereafter to take care of the general expense of the hospital. In addition, the state legislature has provided that all the cost of maintenance above the appropriation of \$50,000 or \$75,000 will be paid by the counties of the state in proportion to the children sent to the hospital by the various counties. Mr. Bryan said that this support would figure in total as five percent on an invested capital of \$3,000,000.

Modeled After Iowa Law

The law under which the hospital will be established is modeled after the law of the State of Iowa, under which a highly satisfactory children's hospital was put in operation a few years ago. This institution, according to Governor Warren T. McCray, who has inspected it personally and who also has in his possession a report of a committee of which Dr. William Lowe Bryan of Indiana University was chairman, is regarded as one of the model children's hospitals of the country. The Indiana statute takes great benefit from the practical experience which have become apparent under the operation of the Iowa law.

It has been explained that under the law all children in the state of Indiana who need medical attention may be admitted without cost to them, to the James Whitcomb Riley Hospital for Children as rapidly as facilities will permit. The parents, guardians or any interested friend of any child needing medical or surgical attention may go before the Circuit Judge of his county, who has the power to commit the child to the hospital, and the hospital must admit the child as soon as it is possible to give it proper attention. Children whose relatives are able to pay for their care at the hospital may do so, but this is not compulsory.

The Riley Hospital will be under the control of an executive committee composed of William Lowe Bryan, president of Indiana University, George A. Ball, Muncie Ira G. Batman, Bloomington and William C. Bobbs, James W. Fesler, Louis C. Huesmann, Hugh McK. Landon,

Benjamin F. Long, Carleton B. McCullough, Lafayette Page and Samuel E. Smith of Indianapolis. The members of the James Whitcomb Riley Memorial Association undertaking to raise the additional funds for the hospital are Hugh McK. Landon, George Ade, Frank C. Ball, William C. Bobbs, Frederick E. Schortemeier, Arthur V. Brown, Henry W. Bennett, Charles E. Coffin, Fred C. Dickson, James W. Fesler, William Fortune, Wm. Pirtle Herod, George C. Hitt, Louis C. Huesmann, Hewitt H. Howland, Josiah K. Lilly, Carleton B. McCulloch, Meredith Nicholson, Lafayette Page, Frank D. Stalnaker, Evans Woolen and Booth Tarkington.

Quotas Announced For Each.

The days program started with a conference at the Claypool at ten

o'clock when the quotas were announced for each Indiana county for its share in the fund that is needed to complete the \$2,000,000, by John B. Reynolds of Indianapolis, general secretary of the Indianapolis Chamber of Commerce, who has volunteered as director of the campaign. L. C. Huesmann of Indianapolis is chairman of the finance committee and is co-operating with Mr. Reynolds in directing the campaign. The co-operation of women's clubs and business men's organizations such as the Rotary, Kiwanis and Optimists' Clubs all over the state will be enlisted in the near future. Campaign headquarters will be opened in Indianapolis within the next ten days, according to Mr. Reynolds.

At the meeting a number of large

subscriptions were announced bringing the total funds to approximately \$300,000. This amount includes the \$125,000 appropriated by the last legislature for the hospital. Among the larger individual gifts announced was \$25,000 given by the Ball Brothers of Muncie, Indiana.

Indianapolis Men Pledge Support

Fifty Indianapolis business men have pledged themselves to raise between \$400,000 and \$500,000 in Indianapolis. "If Indianapolis will do this the rest of the state can be counted on for the other million and a half," said Frank M. Hatfield of Evansville, president-elect of the Rotary clubs of Indiana, who, at their recent convention selected the Riley Memorial Hospital for Children as their favorite charity.

The hospital, as explained by Dr.

Lafayette Page, is to be divided into four groups of buildings; ward buildings, service building, convalescent home, and administration building. The hospital is planned to care for 350 patients, and will be situated in the hospital group, between the Robert W. Long hospital and the Indianapolis City hospital. The Riley buildings will face east on the ground which, has been pledged by the park board of Indianapolis a recreation park for all three hospitals. The ward building will extend to the south, giving sun and air all around the ward buildings and the service building to the north. The ward building will be two stories high. On the ground floor the orthopedic and surgical cases will be cared for, with doors leading from all the wards out onto the open terrace.

The second story of the ward buildings will be given over to the medical or pediatric cases. Directly north of the ward buildings, and connected to them by a corridor, will be the operating rooms, X-ray room, school rooms, receiving ward, dental clinic rooms, laboratories, and other rooms.

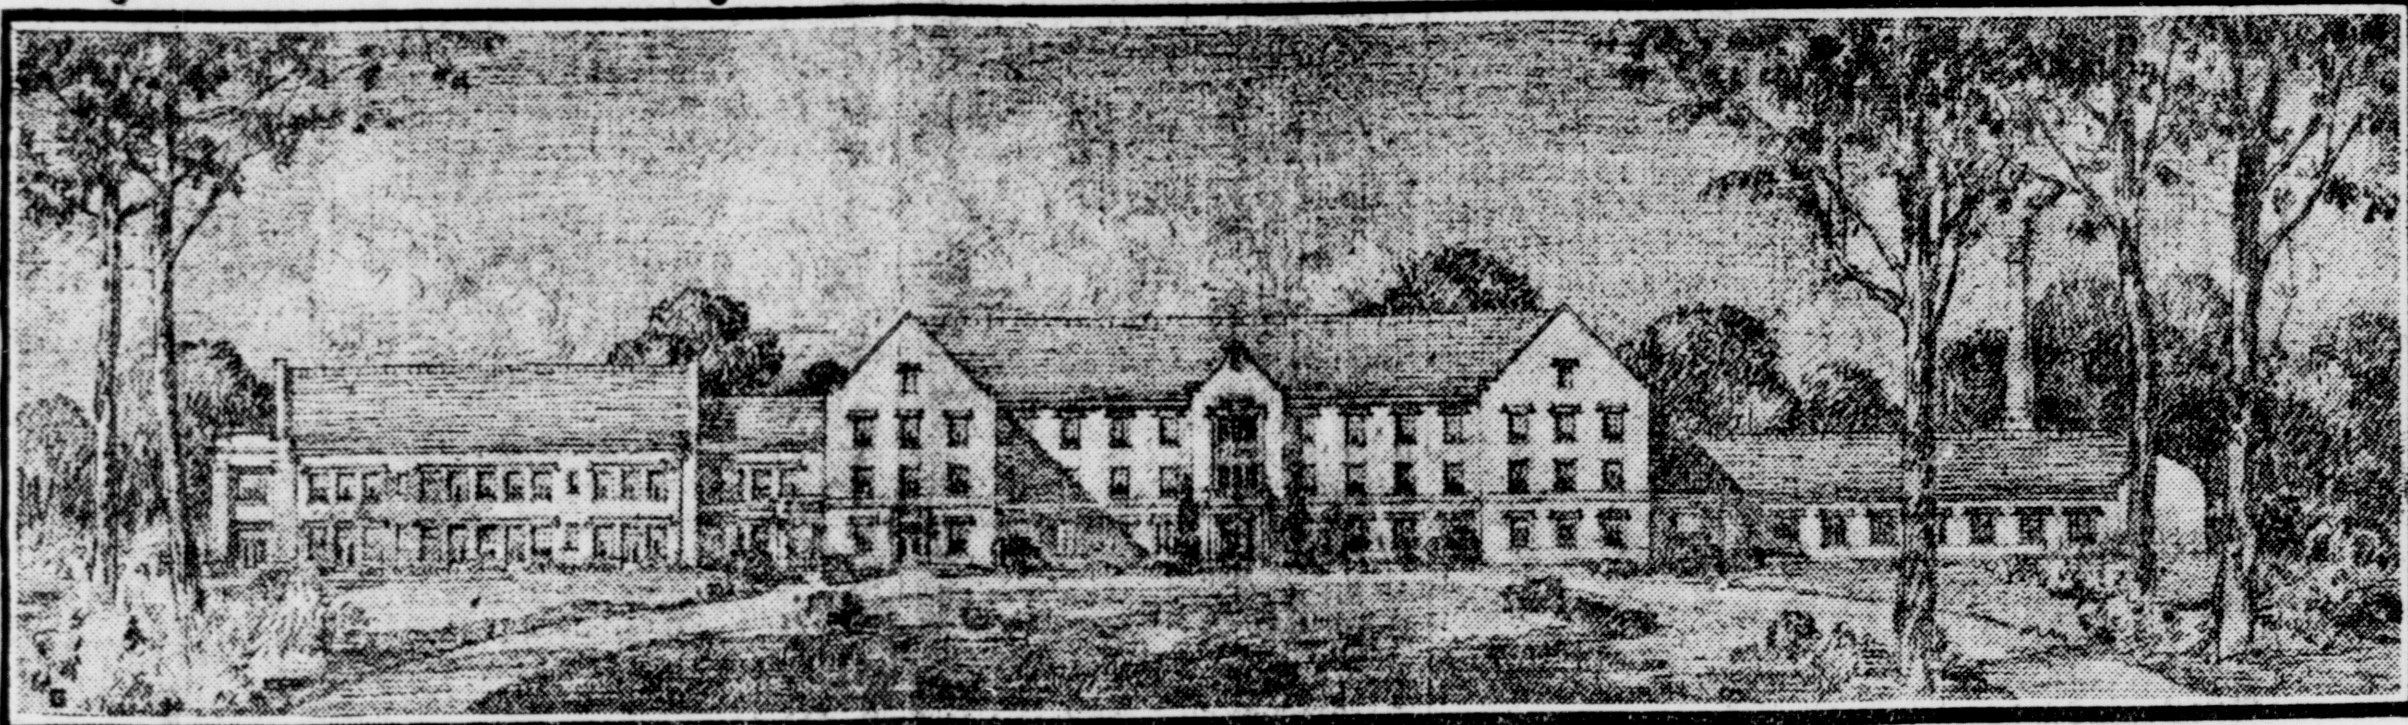

The administration building will

face the east, and will be three stories high. On the ground floor will be the main entrance, the waiting rooms, the office, the out-patients' department, and the babies' feeding station. A large gymnasium is to occupy the south end of the administration building, and will be used by out-patients and convalescent hospital patients for corrective exercises. The upper stories of the administration building are to be given over to private patients, the receiving ward, and internes quarters.

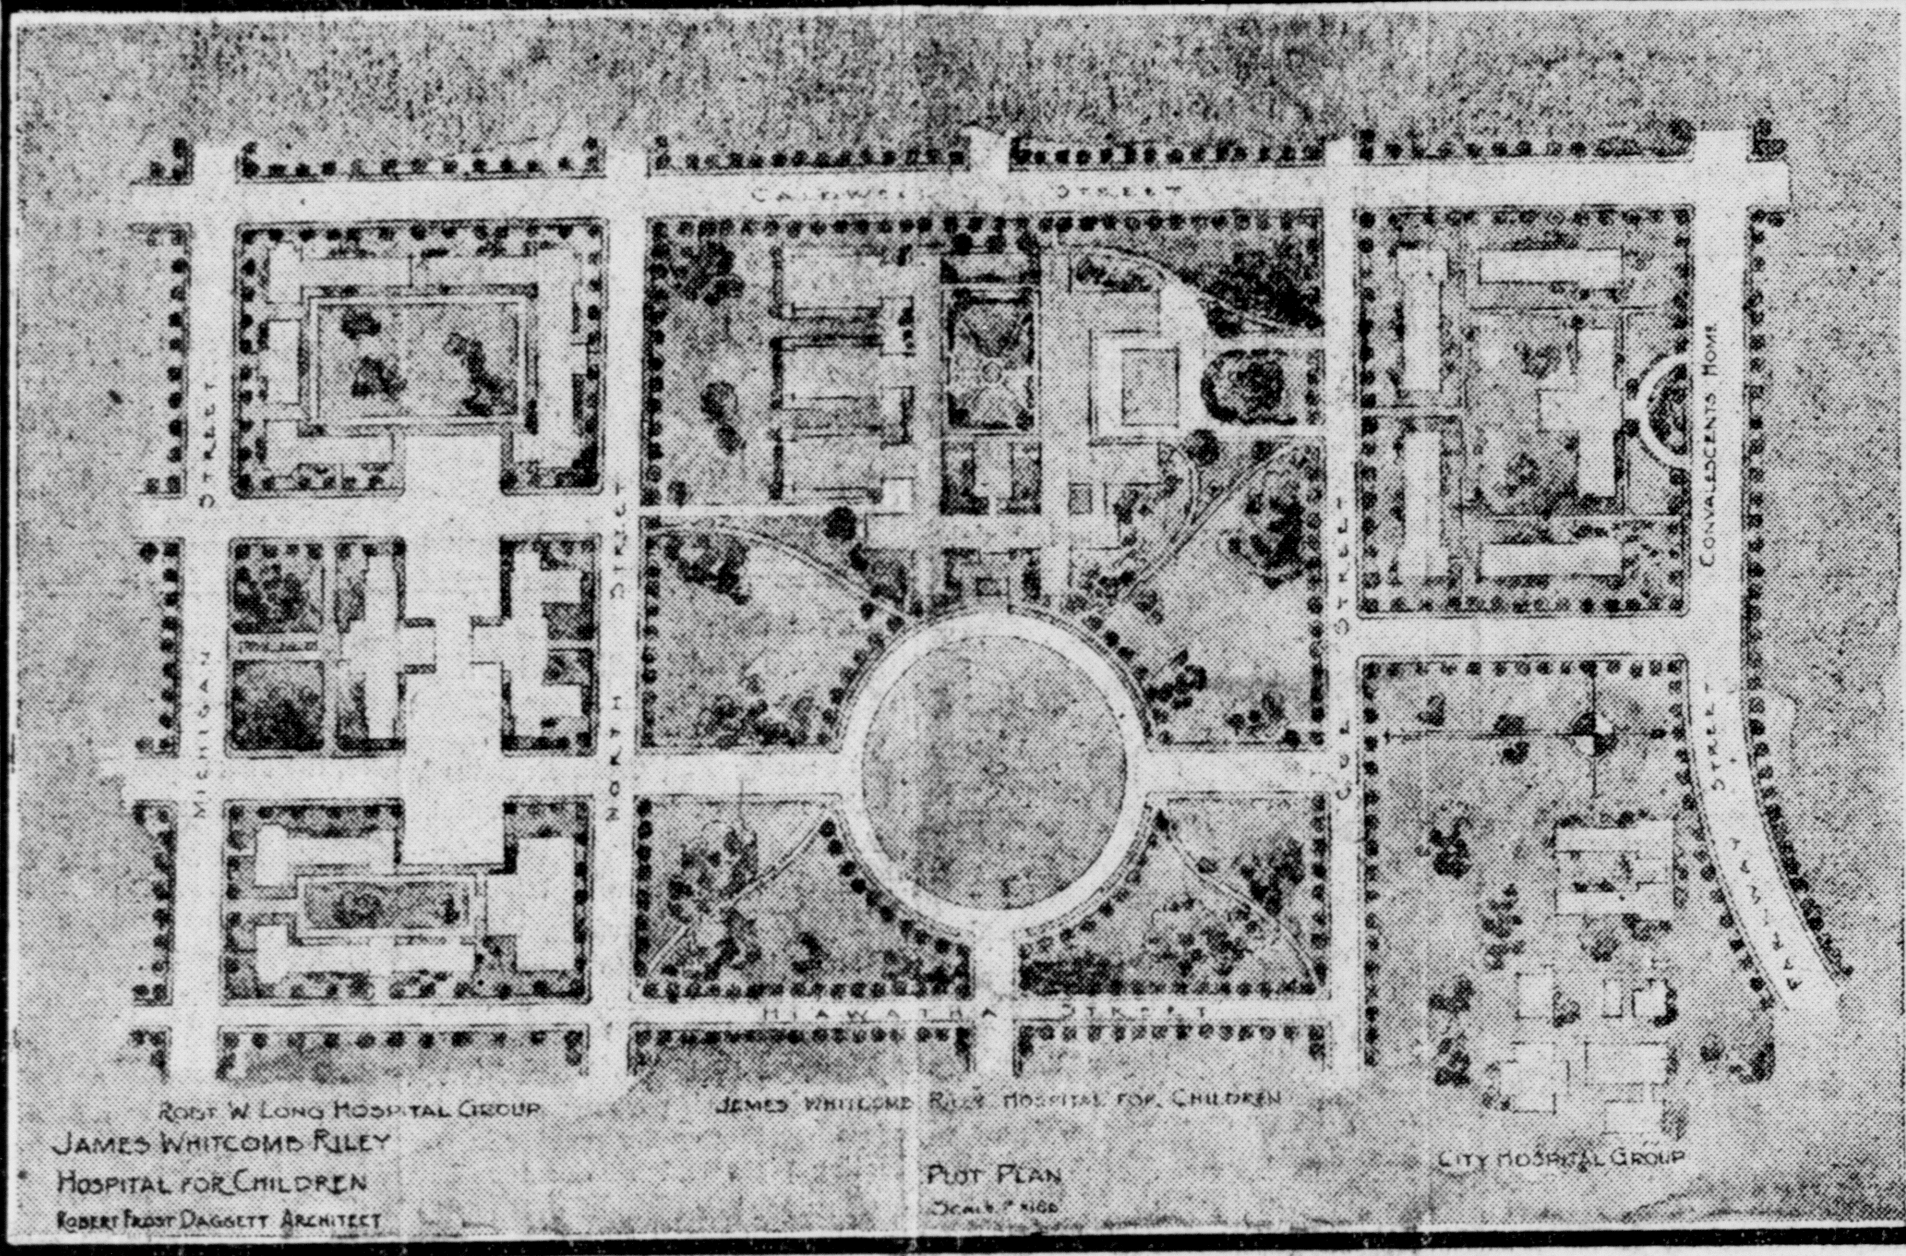

The service buildings will house the central kitchen and the laundry, which will be built for a capacity to take care of the Long hospital along with the Riley hospital. The intention is to include in the service group a power house that will supply heat and current for the Long hospital, the Riley buildings, and all other buildings that may be added at a future time.

Directly to the rear of the administration building will be an auditorium that will be accessible from the hospital side as well as from the outside.

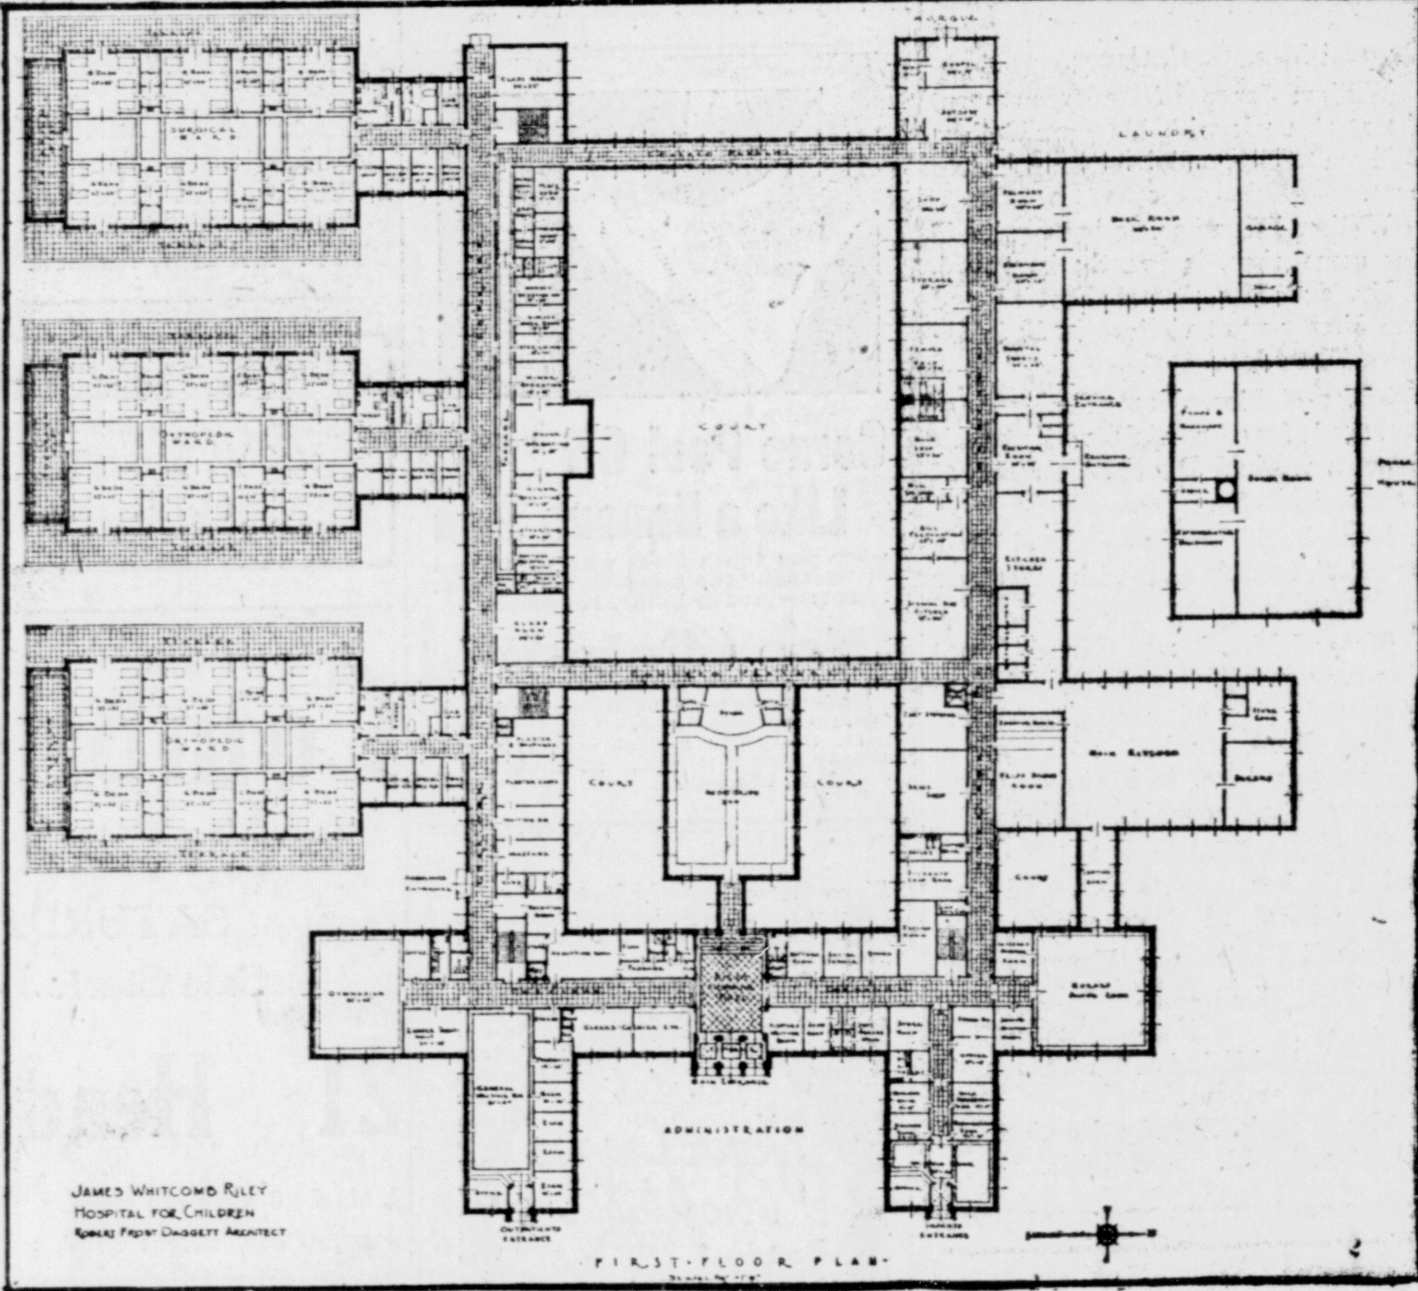

The convalescent home may be (Continued on Next Page)

Immortal Hoosier Poet

THE HAPPY LITTLE CRIPPLE

I'm thist a little crippled boy,
an' never goin' to grow
An' git a great big man at all!
—'cause Aunty told me so.
When I was thist a baby
onc't I falled out of the bed
An' got "The Curv'ture of
the Spine"—at's what the
Doctor said.

L.C. Huesmann

Gov. Warren T. McCray

John B. Reynolds

"The Riley Memorial Hospital for Children belongs to the State. It will be a blessing during the centuries to come for the poor little cripple children of Indiana. No more fitting monument could be erected in memory of our beloved Hoosier poet," says Warren T. McCray, governor of Indiana, who is co-operating with L. C. Huesmann, Hugh McK. Landon, W. C. Bobbs, John B. Reynolds and others in bringing the hospital dream into reality.

Bright Light Kerosene

"Its Just the Kerosene You Want."

The Western Oil Refining Company give just as much care and attention to the making of its high grade Bright Light Kerosene as it does to its fine quality Gasoline.

For your lamps, tractors and cook stoves, you will find Bright Light a wonderful fuel, because it is free from all impurities and burns uniform to the last drop.

It will not emit any odor, and it burns without leaving a carbon deposit to clog the wick or burner.

Bright Light Kerosene has no superior fuel to compete with when used for your tractors, oil stoves, lamps and lanterns.

We carry a large storage at Rushville at all times and we deliver to you as needed.

This is a premium quality Kerosene, but is sold without a premium price.

Western Oil Refining Co.
Indianapolis, Indiana.

SAVE THE HIGHWAYS Ship via The Electric Lines

Fast Express Freight Service is in Operation
Daily on Both Divisions of the
Indianapolis and Cincinnati Traction Co.

This service must not be confused with the regular freight service. Express Freight is carried between all stations and on all regular passenger cars for station delivery, and at the rate of one and one-half times the regular first class freight rates, with a minimum charge of 40 cents.

Shippers desiring quick service can reach their destination with almost hourly service from and to any point, by taking advantage of this station Express Freight Service.

THIS IS A FEATURE OF THE SERVICE OFFERED BY THE INDIANAPOLIS AND CINCINNATI TRACTION COMPANY, WHICH SHOULD BE THOROUGHLY INVESTIGATED. ANY AGENT WILL GLADLY EXPLAIN IN DETAIL AND QUOTE RATES UPON APPLICATION.

SAVE THE HIGHWAYS Ship By The Electric Lines

READY TO BEGIN NEGOTIATIONS

Great Britain is Looking Toward
Refunding of the \$11,000,000-
000 Allied Debts to U. S.

OTHER NATIONS ARE READY

Three or Four Months May Pass Before
Funding Negotiation Matters Are Settled

By HERBERT WALKER
(U. P. Staff Correspondent)

Washington, April 13—Great Britain has informed the State Department that she is ready to begin immediate negotiations looking toward the refunding of the \$11,000,000,000 Allied debts to the United States, it was learned officially here today.

The other debtor nations will not cause any delay in the negotiations. Assurances to this effect have already been received from France, Belgium and Italy, it was said.

How long the funding negotiations will require, members of the debt commission are unable to estimate, but three or four months may pass before all matters are settled. Great Britain already has promised to resume her interest payments in October. The obligations now in the form of IOU note probably will be put in the form of definitive bonds. The interest which has been running since the loans were made more than three years ago, now amounts to more than \$1,500,000,000. This will be funded.

A trip to Europe late this summer to gain information as to economic conditions is being considered by the congressional members of the American commission—Smoot and Burton. Secretary Hoover may join them on this trip. The other members—Secretaries Hughes and Mellon—will not make the trip.

Burton said today that his membership on the commission did not of itself exclude him from the Ohio senatorship race, adding that he had not reached a definite decision on the matter.

Great Britain's commission is expected to arrive here within a month, closely followed by the representatives of the other nations.

Indications are that the United States and Great Britain—the two big credit nations—will stand together in the negotiations against any moves of France or any other power toward a cancellation of the debts. Both governments, however, will grant liberal terms for payment. Great Britain already has served notice on France that she expects payment of all the French-British obligations. Much of the \$4,000,000,000 loaned by the United States to Britain was loaned to other countries.

RABIES GRIP LIVESTOCK

Dogs in Bloomington Are Muzzled
to Prevent Spread of Disease

Bloomington, Ind., April 13—Dogs in Bloomington and surrounding towns were muzzled today to prevent spread of rabies which has taken a grip on livestock in this locality.

Many farmers have killed their livestock which became infected with rabies.

Seven cows, two calves, two sheep, a hog and a large number of dogs have been killed within the last few days.

A quarantine on cattle and dogs in regions where the disease has been most prevalent holds for thirty days.

HOW MANY SHEEP TO A FARM?

Plan of Live Stock Production Recommended by the Department of Agriculture.

For 160-acre farms of all-arable land a plan of live-stock production has been recommended by the United States Department of Agriculture which includes 80 ewes (one ewe to two acres) along with 22 breeding cows and 12 brood sows. Arable land of the best class when used exclusively for sheep, can be made to support from five to eight ewes (with their lambs until marketed) per acre. On pastures suitable for either cattle or sheep five ewes may be considered the equivalent of one cow or steer, and the winter feed required for one breeding cow not in milk would be equivalent to that needed for about eight ewes.

GOOD FEEDS FOR FATTENING

Cane and Beet Molasses Tested at Iowa Experiment Station in Feeding Steers.

Cane and beet molasses are good feeds for fattening steers. The only question, in some cases, is whether it is economical to feed it in competition with cheap corn. Tests at Iowa experiment station, with two-year-old steers, showed a loss on every ration tried, but there was a smaller loss when cane and beet molasses were omitted from the ration in one set of feeding tests. Tests a year ago last winter brought this bit of advice: "Go slowly in purchasing either cane or beet molasses if the price is higher than corn, pounds for pound." If a feeder wants to use a pound or so a day per steer for an appetizer he can afford to pay more for it.

Watch the Ewes Closely.
Pregnant ewes should be closely watched and means devised that each member of the flock receive proper care.

Making Money With Hogs.
By making small fields and keeping each cropped, hogs may be raised with a minimum of expense.

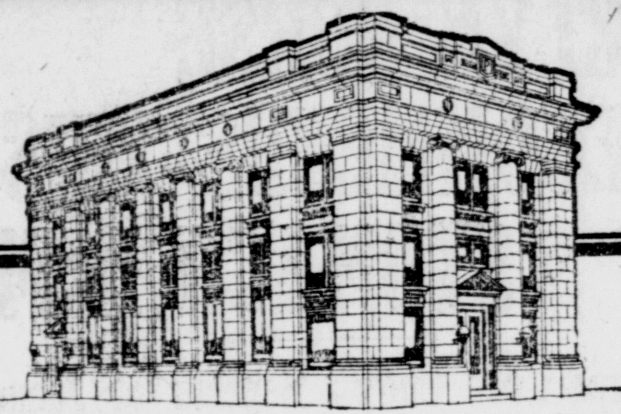

Excellent Hog Pasture.
Dwarf Essex rape makes excellent pasture for hogs. A deep, rich soil is suitable.

BROOKLYN NURSE RECOMMENDS THIS STOMACH REMEDY

Personal Experience Shows Benefits of Jaques' Little Wonder Capsules for Indigestion and Dyspepsia

"From personal experience I am satisfied that Jaques' Little Wonder Capsules are a splendid preparation, and I have no hesitancy in recommending them to others who are troubled with various stomach derangements. They have proven very beneficial," writes Susie C. Clark, registered nurse of 55 Hicks street, Brooklyn, N. Y., to the Jaques Capsule Company, Inc., of Plattsburg, N. Y.

Hundreds of Letters

Nurse Clark's is but one of many hundred letters which have been sent to the Jaques Capsule Company commending the valuable discovery which is now being put up in convenient capsule form for the relief of indigestion, dyspepsia and the disorders due to overeating or the eating of food which is difficult to digest.

Jaques' Little Wonder Capsules are not supposed to cure all diseases, but they are guaranteed to give satisfying relief for disorders of the stomach. They bring quick relief in mild and acute cases, and gradually relieve chronic and obstinate dyspepsia, indigestion and constipation.

Save Your Stomach

The welfare of your whole system is dependent upon the stomach. If your stomach functions properly, food is easily and thoroughly digested and quickly assimilated into the system, making rich red blood and renewing the body waste. If you suffer from indigestion, dyspepsia, catarrh of the stomach, sour stomach, constipation or other disorders or derangements of the stomach or digestive tract, your food is imperfectly digested and often decomposes in the stomach, poisoning the system. Gas forms, producing a dull, heavy feeling, headache, nausea,

fetid breath, heartburn, biliousness and many other ailments result. The undigested food causes loss of appetite and malnutrition. General debility frequently follows and life is shortened. Jaques' Little Wonder Capsules aid in relieving these conditions, assist digestion and tone up the stomach. Save your stomach and you prolong your life.

Satisfaction Guaranteed

Physicians, nurses, dentists, ministers, business men and prominent men and women in all parts of the United States have been astonished at the marvelous relief they have experienced from stomach troubles of long standing after taking but a few of these capsules.

Jaques' Little Wonder Capsules are harmless. They contain no irritating or poisonous drugs, and are sure relief for indigestion, dyspepsia and constipation without fuss or bother. You simply take one or two capsules and a swallow of water. They are sold under a strict guarantee to refund the money to anyone who is dissatisfied after giving them a trial.

On sale at **OREN'S PHARMACY**, 224 North Main St., Rushville, Ind., or 60 cents by mail postpaid for large package from Jaques Capsule Co., Plattsburg, N. Y.

N. Y. City Safest Place To Be Born

(By United Press)

New York, Apr. 13.—Where in the United States is the safest square mile to be born?

It is in the heart of New York City in the crowded upper East Side district, where people from all over the world are huddled as neighbors. At least this is the belief of the Maternity Center Association, of which Miss Mabel Choate, daughter of the late Joseph Choate, is president. The association is an authority upon maternity protection.

In the one selected area, extending twenty city blocks one way and a half mile the other, everything humanly possible will be done to give every new baby a fair start in life. It is estimated that this year 4,000 babies will be born in the section.

Science long ago exploded the fallacy that nature can get along without assistance in the matter of bringing babies safely into the world. Such organizations of doctors and nurses as the Maternity Center Association have proved conclusively that proper care before during and after the arrival of the baby can cut down the death rate of mothers from one-half to two-thirds, and the new born infant death rate one-half.

In the dense city areas formerly one mother died for every 205 babies born. One out of every 26 babies die under one month of age, and one out of every 21 babies was born dead. Prenatal care was given, however, only one mother died for every 500 babies born, one out of every 51 babies born died under the age of one month, and one out of every 42 babies was born dead. This was proof that prenatal care could save lives. The association resolved to perfect the methods of care for the benefit of the 20,000,000 mothers in the United States and the 200,000 babies who die annually from causes incident to childbirth.

A carefully planned demonstration is now being made to establish the essentials of maternity care in contrast to procedures which are the outgrowth of customs and traditions.

Fellowship of Prayer

A daily Lenten Bible reading and meditation prepared by the Commission on Evangelism of the Federal Council of Churches for the use of the churches and individuals.

Thursday—The Victory Through Surrender.

Nevertheless, not my will, but Thine, be done. St. Luke 22:42.

Read St. Luke 22:7-27; 39-65.

"Times come when saving others means that we cannot save ourselves."

Meditation: That victory belongs to the strongest fighter is the error of the ages. I am conqueror when I overcome myself in needed self-surrender.

Prayer: (For a host of Christ-like men to heaven the world.) O Father of Jesus we bless Thee for the Matchless One, and for His victorious life and death. May no shallowness or hypocrisy vitiate our allegiance. Save us, we beseech Thee, from choosing any other foundation for our lives. If there are Gethsemanes and Calvaries for us to brave, may His spirit not fail us in the testing; and grant us the joy of the Easter song of life that defies death, now and always. Fulfill our desires, we entreat Thee, through the crucified and risen Lord. Amen.

Hymn: Spirit of God, descend upon my heart;

Wean it from earth; thro' all its pulses move;

Stoop to my weakness, mighty as Thou art,

And make me love Thee as I ought to love.

Says Earth's Flat

Chicago, April 13.—Here's the last word in astronomy by Wilbur Glenn Voliva, ruler of Zion City who spoke here:

"The sun is thirty-two miles in diameter and is only 2700 miles from earth. Those who say it is millions of miles away are all wrong.

"The earth is flat like a pancake with edges surrounded by mountains of ice to keep the folks from falling off.

"I have been misquoted by persons who stated I said the sun hangs from a chandelier. It just hangs, that's all."

Tire of Education And Try Hands at Home Making

Laporte, Ind., April 13.—Two juniors in the Laporte high school tired of getting an education and got married instead, if became known today when inquiries were made as to why they remained away from school. Miss Magdalene Borg, 18, and Wilbur Boardman, 19, today admitted they were married in St. Joe, Michigan, October 24, 1921. They continued attending school until a few days ago. Boardman, a good basketball player, attended long enough to finish the basketball season and then got a job in a drug store.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Herself Feeling So Well

Taunton, Mass. — "I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimonial for the good of others." — Mrs. BLANCHE SILVIA, 69 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

Bebe Scores Another Triumph

Now Bebe Daniels and Realart Pictures have done it—gone and made a picture dealing with the prohibition question! They trace it right back to the base of supply, too, in "A Game Chicken," which opened Wednesday night at the Princess theatre, and which you will want to see, because it scored heavily.

Inez Hastings, played by Miss Daniels is the daughter of a New England Yankee and a high-born Spanish senorita. She meets Pat O'Malley, an American, at a cockfight and he follows her from Cuba to Massachusetts, and on board the rum-smuggling schooner, after it has been set afire, engages the Spanish villain in battle, which leads to explanations and happiness for Inez and her secret service sweetheart. The supporting cast includes James Gordon, Martha Mattox, Gertrude Norman, Hugh Thompson, Chas. Force and Mattie Peters. The story was scenarized by Fred Myton, and directed under the supervision of Elmer Harris.

have come to know the power of attraction that storm scenes hold, as well as the artist, the playwright and the poet, and many of the big screen dramas of today have made fame because of some one particular scene of this sort.

In the new serial, "The Blue Fox," starring Ann Little, which comes to the Mystic Theatre each Thursday there are vivid and realistic scenes of a storm at sea that compare with any heretofore seen on the screen. These scenes, showing a little schooner being buffeted in the grasp of a raging tempest, were made under actual conditions, and they stand out not only as vivid and unusual spectacles, but also as genuine examples of the achievement and efforts of motion picture producers today.

These storm scenes appear in Episode 6, which will be shown at the above theatre.

POPULAR SWEATERS

In the bright lexicon of youth is written the sweater, and a sweaterless wardrobe is not to be imagined—either for young or old. The tuxedo or sweater-coat is deservedly the most popular style, made of wool or of silk yarn like that one pictured here. It is shown in many colors and in black or white. Collar and cuff sets of checked silk or plain linen are fashionable with the quieter colors.

SUFFERS A STROKE

Claude Hunt, 312 West Tenth street, who recently moved to Rushville with his family from a farm, is seriously ill, having recently suffered a stroke of paralysis.

NOTICE TO BIDDERS

Notice is hereby given that the Board of County Commissioners of Rush County, Indiana, will receive sealed bids up until two o'clock p. m. on

MONDAY, MAY 1st, 1922, for the repair of the James Forbes Bridge in Ripley Township, Rush County, Indiana, as per plans and specifications on file at the Auditor's office in Rushville, Rush County, Indiana.

All bids must be accompanied by bond. The Board reserves the right to reject any and all bids.

Witness my hand and the seal of the Board of Commissioners of Rush County, Indiana, this 10th day of April, 1922.

PHIL WILK,
Auditor Rush County, Indiana.

AVIATION INCLUDED IN COLLEGE COURSE

Purdue Students in Engineering
School Are Grasping New
Branch, Showing Interest

COURSE FOR SENIORS ONLY

Lafayette, Ind., April 13.—Aviation is now included among the regular subjects taught at Purdue University. It is proving particularly attractive to students in the school of engineering.

Two hours of class work and six hours of design work are offered running through two semesters. The course is open only to seniors in the engineering school.

Each student, during the course, is required to design an engine suited for a particular phase of engineering. Second semester classes study the theory of flight, meteorology and various instruments used in practical service. Detailed studies are made of aircraft and its future development.

The University owns one plane and two aircraft motors. Future plans of the school call for a large engine testing plant and air tunnel.

Easter Shoes

By HEDDA HOYT
(Written for United Press)

New York, April 13.—The spring shoe styles this year show no radical change except that they have a tendency toward moderation.

The cut out sandales and pumps with the open work ramps are not considered as smart as they were last season. In fact the sandal types all seem to be greatly modified and the shoe with the strap dividing the instep which connects to the cross instep strap, is perhaps the most successful of the new combinations. Often the sides of a shoe of this kind will be cut deep and the Cuban heel or military heel is generally used. Only a few of the real dressy models appear with the high French heel. This lowering of the heel is noticeable in all of the smart shoe shops, but there seems to be enough of the higher heels to supply the demand which the older matrons will undoubtedly create.

The shoe with the elastic goring is one of the smartest of the new spring models. If it is as comfortable as its predecessor, "Grandpa's old comfort slipper," it will be widely used during the summer. The snugness with which it fits over the instep makes it particularly becoming to the foot and when one considers that it slips on without having to be fastened, it surely seems attractive. The gores of elastic are placed at the sides and the vamp comes well up over the foot. This type of shoe has been worn in London for some time and it is considered far more chic over there than the French shoe with the many cross straps.

Colors predominate in shoes just as they do in hats and gowns this year. There are taupe and beige kids, trimmed with strips of patent leather over the toes and with patent straps. Red heels are shown, though American women do not seem to take to them as they do in Paris.

The newest shoe feature is the dyeing of white shoes to match the costume with which they are to be worn. A taupe gown with henna embroidery appeared on Fifth Avenue the other day with shoes of taupe with henna heels. This color idea carried out in the shoes gave an interesting appearance to an otherwise usual costume. Black satin combined with patent leather is new and looks well with the dressy gown. Then there are combinations such as beige and brown, black and white, grey and patent, all of which are attractive without calling too much attention to the foot.

Vamps seem to be growing a little longer though it is to be hoped we will never return to those abominable pointed affairs of a few years back.

LARGE WEEK NIGHT CROWD

Big Attendance at Pre-Easter Week
Christian Church Services

An unusually large week night audience gathered at the Main Street Christian church Wednesday evening for the Pre-Easter week service. A spirited song and prayer service was held after which the pastor spoke on "The Trinity of Errors," which were the "Way of Cain, the Error of Balaam, and the Gainsaying of Korah."

Mrs. Charles Offitt and Walter Frazee sang a beautiful duet. There were two additions to the congregation. Tonight the subject of the discourse will be "Finding a Fortune" and Mrs. Lucia Beher will sing.

PULLS OUT COPPERHEAD

Bloomington, Ind., April 13.—Will Sare reached into a grass sack to get some onions and wedges and pulled out a full grown copperhead snake. Will dropped it. He had just returned from a wood cutting expedition on the Hastings farm where he had left the sack under a log.

TWELVE PAGES

SENTENCES OF 4 BOYS SUSPENDED

Loren Woods, Howard Higgs, Warren Dagler and Clayton Cooper Free on Good Behavior

UP BEFORE MAYOR THOMAS

Woods Implicates Others in Theft of Suit Case From Automobile of Shelbyville Man

Four young men, ranging in ages from 18 to 20, who were Loren Woods, Howard Higgs, Warren Dagler and Clayton Cooper, were placed in jail today on a charge of petit larceny in connection with the theft of a suit case belonging to H. K. Norris of Shelbyville, and when arraigned this afternoon, each pleaded guilty and were given a sentence of six months at the State Penitentiary, by Mayor Thomas.

The sentence was suspended upon condition that the boys behave themselves in the future, and be off the streets by 10 o'clock each night, unless they can give a good reason for not being home at that time.

The quartet was implicated Wednesday night following the theft of a suit case from an automobile belonging to the Shelbyville man, which was parked near the First Presbyterian church.

Woods was arrested late last night by Patrolman Nicholson, after the Shelbyville man reported the theft to the police, and the other three were placed in jail this morning by Chief O'Neil and Patrolman Lakin.

Prosecutor Stevens, who investigated the affair, said he obtained the confession from Woods at the jail this morning.

According to the story related to the prosecutor, Dagler and Higgs appeared at a restaurant last night near the church, and informed Woods, who is employed in the restaurant, that there was a machine near the church which had some liquor in a suit case.

The trio left the restaurant and Higgs is alleged to have taken the suit case from the Ford sedan and given it to Woods, who went alone to a place near the Havens school, where he told the prosecutor he hid it.

Later in the night it is said that the trio got in company with Cooper, who owns a motorcycle with a side car attachment, and they went to the hiding place and loaded the suit case in it, and all except Dagler went to the white bridge, near the cemetery, where they opened it.

The case contained some food, two thermos bottles and several other articles, instead of the liquor which they expected to find. The food was eaten, the two thermos bottles divided between two of the boys and some of the contents thrown into the river and a few articles left in the suit case, which was brought back and taken to the rooming house of Woods.

It is said that Woods later removed the suit case to a place in South Pearl street, where it was recovered.

Mr. Norris said that he recovered practically everything of any value, and did not wish to prosecute the case, but it is said that a stop will be made to young people loitering on the streets at late hours.

Much complaint has been heard recently about the conduct of young people in local restaurants at late hours in the night and early morning hours, and it will probably result in the police having orders to jail young people who cannot give a good account of themselves in the early morning hours.

LEGION MEETS TONIGHT

Rush Post 150, American Legion, will meet tonight at eight o'clock at rooms in West Second street, and a large attendance is desired.

TRUCK TO ARRIVE FRIDAY

The new Seagrave fire truck was delayed a day in leaving Columbus, O., it was learned this afternoon, and that it was to arrive in Richmond late this afternoon and remain all night. A demonstration will be given there in the morning, and the truck will probably arrive here Friday afternoon.

"The Far-Away Princess" to Discard Far-away Surroundings and ask Aid

High School Senior Class Play Reaches Point Where Management Is Concerned With the Success of the Show From a "Full House" Standpoint.

By MR. E. H. S.

From now on "The Far-Away Princess" will discard her far-away surroundings and come to you for aid. The Senior Class play has now reached that point where the management is concerned with the success of the show from a "full house" standpoint, properly speaking.

A large audience is essential to all shows. This is an iron bound rule with no exceptions. Of course, the punkiest situation that ever developed is a good crowd and a rotten show. Now we will give our word of honor that this won't happen. We'll stake our own fair reputation and also the reputation of the Senior class and the whole high school on this. In other words, if the house is packed for both performances, the show will be a success. In still other words, "we've got the show, you get the crowd."

The cast is rehearsing every evening, and will devote the next two

weeks with putting on the finishing touches. The scenery has successfully survived the process of construction and now adorns the stage, making it a beautiful sight to behold. The choruses for the musical numbers (stupid remark! what would a chorus be for if it wasn't a musical number) but anyway, as we were saying before our common sense interrupted, the choruses are now practicing. They are under the direct supervision of Miss McConnell—and you know that means good choruses.

Tickets are now on sale. Members of the Senior class have them. Some of the Seniors haven't had sufficient training in the arts of salesmanship and are a bit backward so if they fail to approach you concerning the purchase of a ticket—go up and ask 'em yourself. The reserved seats will be put on sale Saturday, April 22, at Pitman and Wilson's drug store. The tickets that the Seniors are now selling can be exchanged for reserved seats then. So, it's up to you—to buy a ticket and help the good cause along.

P. S. The reserved seats go on sale at one o'clock. Almost forgot that.

NOW GOES ON TRIAL BEFORE THE PUBLIC

One of Arbuckle's Pictures Will be Released at Once to Test Out His Popularity

ACQUITTED BY THE JURY

(By United Press)

San Francisco, April 13.—Roscoe Arbuckle, acquitted of the killing of Virginia Rappe, now goes on trial before the public.

The big comedian was tremendously interested in news from New York that the Famous Players corporation will immediately release one of his pictures to test out his popularity.

The question of whether Arbuckle will be asked to remain in the movies will be decided by the way the public greets this picture, according to word from New York.

The verdict of "not guilty" came late yesterday at the conclusion of Arbuckle's third trial on a charge of causing the death of Virginia Rappe, beautiful movie actress during a "wild party" at a San Francisco hotel, last Labor Day.

The jury, it was reported, took less than one minute to complete the ballot acquitting Arbuckle. It took considerably longer, however, for all details to be cleared up and for the jurors to return to the box to deliver the verdict.

LEADERS TURN TO WEST VIRGINIA FIELD

Legal Counsel for Strikers Prepare to Appeal From Decision of Judge McClintic

ORGANIZERS ARE ENJOINED

(By United Press)

Indianapolis, Ind., April 13.—Leaders in the nation wide coal strike turned their attacks toward non union fields of West Virginia today where their organized activities were enjoined by Federal Judge McClintic.

Legal counsel of the miners met at Charleston to perfect an appeal from the decision which union chiefs regarded as a direct blow at collective bargaining.

The open shop fields of West Virginia are more menacing to the success of the strike than any other single factor in the entire situation, it was said. They have been the center of unionization work for a number of years, especially since the strike started April 1.

It was learned union agents are still busy and await the outcome of the conference of attorneys who met to review all legal aspects of the matter.

"DOUBLE HEADER" LAW SUIT IS HEARD

Jury to Decide Whether Ed Thorpe and Harley Willey Owe Fred Hilligoss

OR HILLIGOSS OWES THEM

Judge Sparks to Determine Merit of Supplemental Complaint Filed By T. K. Mull

A "double header" law suit occupied attention in the circuit court today, in which a jury was hearing a portion of the case, and the other angle was scheduled to be heard by Judge Sparks, without the services of a jury.

The title of the suit was a complaint on a note and account in which Fred Hilligoss was plaintiff and Ed Thorpe and Harley Willey, defendants.

Hilligoss in his complaint demanded \$165, and Thorpe filed a cross complaint demanding a like amount from the plaintiff, and it was upon this ground that the jury was hearing the evidence.

A supplemental complaint was filed by Thomas K. Mull of Manilla against the personal property involved, as he alleges that he has a first mortgage against the property. This part of the case would be heard by Judge Sparks, who will have to determine if there is a mortgage, and the amount due, if any, upon the mortgage.

The suit is an unusual court procedure, having two different sides, in which the plaintiff and defendant each claim that the one owes the other, and a third party steps in and says that his first mortgage stands in the way of a settlement in either case.

The matter to determine who would get judgment in the first part would be settled today by the jury, which was expected to have this part of the case late today, and then the court will hear the evidence on the mortgage case.

The jury selected this morning which heard the case today consisted of the following men: James J. Rhodes, Leo F. Billings, Charles Lamberson, Michael Lovett, William Rawlings, Fred Pike, William N. Hinshaw, John Jordon, Edgar Martin, Darius Pattison, Hays Beaver and Charles Hugo.

The jury will be in use again Friday when the case of the State against Myers and Smiley will be tried, the action being for the unlawful possession of liquor.

CONDEMNNS 35 BUILDINGS

Indianapolis, April 13.—The state board of health today condemned thirty-five school buildings in Indiana as unsanitary. The schools will have to be brought up to the standard required by the board before the term starts next fall or they cannot be opened.

NEXT MEETING TO BE HELD AT AURORA

Annual Session of Woman's Home and Foreign Missionary Societies of Presbytery Ends

OFFICERS ARE ELECTED

Closing Session Devoted to Discussion of Young Peoples' Work—Pageant by Local People

The forty-sixth annual meeting of the Woman's Home and Foreign Missionary societies of the Whitewater presbytery closed at the First Presbyterian church Wednesday evening with a session devoted to young peoples' work, which was led by Miss Anna Stearns of College Corner, Ohio, and which was featured with a pageant by the young people of the Rushville church.

At the last business session late Wednesday afternoon, officers were elected for the ensuing year and Aurora, Ind., was selected for the 1923 meeting, which will be held some time next spring.

The conference here was regarded as one of the most successful ever held in the Whitewater presbytery, both from the standpoint of attendance was believed to be due to the fact that Rushville is so centrally located and so accessible by rail from all parts of the presbytery, which embraces practically all of southeastern Indiana, running as far north as Wayne county.

The young people of the local church participating in the pageant Wednesday evening were highly complimented for their work, depicting the work of foreign missionary work. Each of the large cast of characters represented a non-Christian nation to which the church is carrying and continues to carry the gospel.

Others participating in the Wednesday night session were Miss Marie Preston of New York City, field secretary of the Woman's Home board; the Rev. Howard Campbell, missionary to Siam; Mrs. F. F. McCrea of Indianapolis, president of the missionary societies of the Indiana synod, together with a number of delegates who made brief remarks.

In the election of officers, Mrs. S. A. Bonner of Greensburg was continued as president emerita and Miss Mary Rankin of Kingston was re-elected president. Mrs. Charles Bond of Richmond was elected vice-president to succeed Mrs. S. L. Major of Shelbyville; Mrs. A. O. Morris of Knightstown was elected Home and Freedman treasurer and Mrs. Martin Reifel of Connersville was again chosen for foreign treasurer.

The following secretaries of departments were elected: Mrs. W. F. Gilchrist of Greensburg, Home, Foreign and Freedman; Miss Anna Stearns of College Corner, children and young people; Miss Anna Kenley of Richmond, Westminster Guild; Mrs. E. R. Gillies of Newcastle, literature and recording; Mrs. Bond, education and extension; Mrs. E. C. Liddle of this city, overseas sewing.

INJURY CAUSES POISONING

David Whitham, 68, Dies as a Result at His Home Here.

David Whitham expired about midnight at his home, 320 North Spencer street, death being caused from blood poisoning, following an injury which he received a few weeks ago while employed at a local factory. The deceased would have been 69 years old Saturday, had he lived. He moved here with his family several years ago from Osgood, and is survived by a widow and two sons.

The funeral services will be held Friday morning at eight o'clock at the late home in charge of the Rev. Mrs. Emma Miller, and the cortege will leave overland for Osgood, where interment will be held.

DRIVE ON LAW VIOLATORS

Indianapolis, April 13.—State fish and game wardens began a spring drive today against fishermen who use seines, dynamite and spears.

OWEN E. GWINNUP IS DEAD

Farmer Living Near the Applegate School House Expires Today

Owen E. Gwinnup, age twenty-five years, died at his home southeast of the city, near the Applegate school house, this morning about four o'clock. He is survived by the widow and a daughter who is three years old, besides his parents, Mr. and Mrs. Luther Gwinnup.

The cortege will leave the late residence Sunday morning at nine-thirty o'clock for New Salem and the funeral services will be held at the M. P. church there at ten o'clock. Burial will take place in Hopewell cemetery.

COPY FOR BALLOTS SENT TO PRINTER

Prepared Today When Last Declarations of Candidacy in Primary Election Are Filed

STATE CONVENTION DELEGATES

Secretary of State Certifies Names of Candidates—Absent Voters Ballots Sought

The copy for the primary election ballots were delivered today and printing will soon be under way on the republican and democrat ballots for the May 2 election.

The last day for filing for offices closed April 1, but the candidates for delegates to the two state conventions had until Wednesday night to file, and each party completed the list with the republicans having 15 delegates and the democrats 11.

The republican state convention delegates from Rush county will number one from each township, and four from Rushville township, making the total 15, while the democratic convention call is for one from each township, excepting Noble and Richland, which has one joint delegate, placing their total at 11.

The republican delegates are as follows: Thomas K. Mull, Walker; Loyd Waggoner, Orange; Will H. McMillin, Union; Frank M. Hudelson, Center; Samuel R. Newhouse, Jackson; Rice C. Hill, Ripley; E. O. George, Richland; John W. Anderson, Anderson; Verne W. Norris, John Geraghty, Frank Wilson, and George W. Young, Rushville; John F. McKee, Noble; Charles M. Phillips, Posey and Charles H. Elwell, Washington.

The democrat delegates are as follows: Ray Selby, Anderson; Thomas S. Mills, Jackson; Morris M. Winship, Rushville; Roy Herkless, Ripley; Fred Gross, Walker; Elihu Price, Posey; Lee Roy Divilbiss, Center; J. Frank Wilson, Noble and Richland; Wilson Dobbins, Washington; William Hennessey, Orange; Homer M. Nash, Washington.

AT LEAST FOUR ARE KILLED IN EXPLOSION

Shipment of War Munitions in Port Terminals at Charleston, S. C., Lets Go Today

TWO OTHER MEN MISSING

Charleston, South Carolina, April 13.—At least four persons are believed to have been killed when a shipment of war munitions exploded in the port terminals here today. Two other men are missing, and it is feared they were killed.

The building in which the munitions were stored was demolished. Several other nearby buildings were also badly damaged. Practically every window glass in northern Charleston was reported broken by the blast, which was felt in Charleston nine miles away. The explosion blew part of the building where the munitions were stored, in all directions within the blast's radius.

Reports indicate that few people were in the immediate vicinity. Persons in nearby homes rushed to the streets.

SAYS STORY OF ARK IS LITERAL HISTORY

Dr. Munhall Declares That in Last Days Pretty Much Same Condition of Affairs Will Exist

CITES BIBLE TO PROVE IT

Evangelist at M. E. Church Names 11 Animals Entering Ark Illustrating Peculiarities of Unsaved

Dr. L. W. Munhall declared the story of Noah and the ark to be literal history in his sermon at the St. Paul's church revival services Wednesday evening and enumerated eleven different kinds of animals entering the ark having distinctive characteristics similar to unsaved people today.

His afternoon subject was "Evolution." The interest and attendance at the special services are still on the increase.

"Noah and the Deluge," or "Sin and Destruction" was the subject of the evening discourse. The preacher declared the story to be literal history, as did Jesus (see Matt. 24:37-39). He showed how "by faith Noah, being named of God of things not seen as yet, moved with fear, prepared an ark to the saving of his house; by which he condemned the world, and became heir of the righteousness which is by faith (Heb. 11:7).

The preacher then called attention to the fact that afterwards God assured Noah that he would not again destroy the wicked by a flood. But He will by fire, 2 Peter 3:10. And He has provided a way of escape through His only-begotten Son, typified by the ark, Noah had built. That in the last days pretty much the same condition of affairs shall exist as immediately preceded the flood. Compare Rom. 1:12-32 and 2 Tim. 3:1-7. The storm of God's wrath is gathering and impending. See 2 Thess. 1:6-10 and 1 Thess. 4:1-6. Let us all do as did Noah take refuge while we may. The preacher then named eleven different animals that entered the ark, and called attention to their distinctive peculiarities as illustrating peculiarities of unsaved people in these days.

Friday afternoon at 2:30 Dr. Munhall will preach on "Let Your Women Keep Silence in the Churches" and Sunday afternoon the great lecture on "The Books of Books" will be given. This is said to be Dr. Munhall's masterpiece and will doubtless have a large hearing. Evening meetings tonight and Friday at 7:30 p. m.

In his sermon on "Evolution" at the afternoon meeting, Dr. Munhall showed how it was in conflict with the Bible story of creation and the teaching of Jesus, and therefore, essentially infidel. He insisted that it was in no sense science and therefore should not be taught in our school. Darwin himself never claimed for it more than an hypothesis. No scientist in Germany ever accepted it, save the author of the riddle of the universe who was proven to be a fraud in his contentions. Species have been crossed, it is true, but they have never been able to perpetuate themselves. God's law thus far may you go, but no farther. The missing link has not been found and according to Virchow, Kelvin and others, of the highest scientific authority, never will be.

DUE A WEEK FROM MONDAY

New Trucks Bought by County Will be Stationed at Mays and Milroy

The two Armleder motor trucks, fully equipped, which were purchased last Saturday by the county board of commissioners, are expected to be delivered here one week from next Monday and will be put into the service of the county highway department.

Hal Green, county highway superintendent, announced that one of the new trucks would be stationed at Milroy and one at Mays and the truck now in use will still remain in Rushville.

PREVENT BIG SHEEP LOSSES

Poisonous Plants Frequently Grow in Thick Patches and Cause Death of Animals.

(Prepared by the United States Department of Agriculture.)
 Death camas causes heavy losses of sheep in the spring and early summer. It is not unusual for several hundred to die within a day or two. The camas plants frequently grows in thick patches, and because of their grasslike leaves are overlooked. If sheep are close herded in such places many of them will be poisoned, and most of those poisoned are likely to die.

Especially care should be used when sheep are taken from the cars and released for grazing. If they have not been fed, as is frequently the case, and are turned out on a range where death camas is abundant, the resulting losses may be very heavy. There have been many cases of this kind. If death camas is present that part of the range should be avoided. If it is necessary to trail sheep where death camas is known, the animals should be well fed before coming to that place.

Sheep herders should learn to recognize the plants and avoid them. The United States Department of Agriculture has published Department Bulletin 125, Zygaenus, or Death Camas, which tells about the plants and their effects; it has also published Bulletin 575, Stock-Poisoning Plants of the Range, which gives illustrations, many colored, of the principal poisonous plants of the western United States.

There are several kinds of death camas and until recently it has been supposed that all were equally poisonous. As the result of recent experimental work, which is in course of publication, it has been found that the death camas which in the western

Sheep Grazing on a Western Range.

mountains grows at elevations of 8,000 feet and upward is only slightly poisonous and probably never injures range sheep. All the forms growing at lower altitudes are dangerous, but this mountain death camas probably never does any harm.

SEVERAL USES FOR ALFALFA

Experts Term It Nearly Perfect Forage—As Hay It Is Unsurpassed for Feeding.

(Prepared by the United States Department of Agriculture.)
 "A nearly perfect forage"—that is the height of praise heaped upon alfalfa by R. A. Oakley and H. L. Westover of the United States Department of Agriculture in a new Farmers' Bulletin, Utilization of Alfalfa, just issued. And when the good qualities of this crop are enumerated it is evident that some such description is warranted. As a hay it is unsurpassed for general feeding; as a pasture it has a high carrying capacity and produces large gains; as a silage crop it is valuable with proper handling; it

Cattle Grazing on Alfalfa.

makes excellent silage; and when ground into meal it is a good and easily handled feed. In addition to those good qualities it is of great value as a soil improver. Attempts have even been made to introduce it as a human food and as a medicine, but it cannot compete with other staples as a food and it has no special medicinal properties.

Although not detailed enough to make laborious reading, each subject from haymaking on through to alfalfa meal manufacture, and a consideration of fake and fad alfalfa products, is treated so fully as to give the reader a thorough understanding of the possibilities of this great crop. Those who are inclined to be too enthusiastic over certain uses will find reason in the collected experience of many growers and feeders to modify their views, for alfalfa is not a panacea for all the troubles of the farm and feedlot. Consideration is given to the needs of dairy cattle, beef cattle, hogs, sheep,

horses and poultry, and to the crop in various forms, including hay, pasture, silage, straw, soiling feed, tea and meal.

Those who are interested should write to the United States Department of Agriculture, Washington, for Farmers' Bulletin 1229, which will be sent free of charge.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c

Election Returns

Although anti-prohibitionists are "rattling" over the so-called victory of two wet candidates for congress in the Illinois primary election Tuesday and the near-defeat of a dry candidate for congress in a special election in New York state recently, the proponents of the eighteenth amendment and the Volstead enforcement act are fortified by the fact that dry sentiment is not on the decline though these votes in isolated districts may indicate it.

The wet and dry issue was an outstanding one in the eleventh and sixteenth districts in Illinois and the drys attribute their defeat to the fact that a full vote was out in the cities, whereas the vote among

Never have your troubles half-soled.

Popularity is dearer to a politician's heart than principles.

Don't confuse success with cash. The world's greatest men were poor.

The cornerstone of civilization are people who breakfast at 6:30 or 7 a. m.

"Safety first" is the idea of a small man who uses the long distance phone to call a big man a liar.

HEZ HECK SAYS:

"Don't tell the boss to go to hell till you hev another job in sight."

the farmers, where prohibition sentiment exists, was very light, due to heavy rains and bad roads, which kept the voters at home. The same condition existed in New York where the republican candidate was elected to congress with a majority of 3,000. The majority in the same district was 30,000 in 1920, which was a year of abnormal majorities.

It is unbelievable that the people of the United States will return to the dark ages when the legalized liquor traffic existed, flouted the law, made a mockery of justice and brought so much misery into the world.

We feel sure that people who are willing to weigh the facts carefully will not vote for a return of the open saloon because statistics prove that prohibition has been beneficial, regardless of what wet exponents may say to the contrary.

The amount expended in enforcement last year was \$6,250,000. The fines, taxes and other penalties amount to over \$63,000,000. During the year 29,114 criminal cases were commenced, 16,610 offenders pleaded guilty, 17,962 were convicted, and 765 were acquitted.

What has been the effect of prohibition on crime, alcoholism, bank deposits, employment and home life? Let the facts speak for themselves. Murders decreased 51 per cent, burglaries 10 per cent and robberies 6 per cent in Chicago according to the report of Director Chamberlain of the Chicago crime commission. In Boston in 1917, the last year of unrestricted license, the

arrests for drunkenness were 72,897. In 1921, under prohibition, 30,409. In the state of Massachusetts in 1917 arrests for drunkenness were 129,455. In 1921, under prohibition 56,932.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers.

It goes right to the spot with a gentle tingle, looens congestion, draws out soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

Nothing like Musterole for croupy children. Keep it handy for instant use. 35 and 65 cents in jars and tubes; hospital size, \$3.

RUSHVILLE GOES INTO THE LEAGUE

Management of Tail Lights Decides to Cast Lot With Southeastern Indiana Organization

SEASON TO OPEN ON APRIL 23

Locals Will Play Opener at Greensburg—First Game Next Sunday With Arlington Here

Rushville is now a full fledged member of the Southeastern Indiana baseball league, and the fans of Rush county and vicinity will see the best season in the history of the diamond sport, as the ten teams in the league will put up a great fight for the league pennant to be awarded at the end of the season.

Rushville officials of the Tail Lights club were in Shelbyville Wednesday night and completed the arrangements, making the necessary deposit, and signing up for the regulations of the league, which provide for a salaried team, not to exceed \$150 a game, and other smaller items which will govern all teams.

The schedule will begin April 23, when the Tail Lights open the season at Greensburg, and the next game will be played here on the following Sunday, with Greensburg again.

The league officials had previously prepared a schedule for eight teams, but Greensburg and Rushville each wanted to join, and the officials were to meet today to draft a new schedule and it will be announced as soon as it has been completed. While the schedule is being

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality and hence of better taste than in any other cigarette at the price.

Of the Indiana Baseball League

Be On Hand And See The Opening Game Of The Season

made over, it was decided to have Rushville and Greensburg play their first games together, so that there would be no hitch in the starting off of the season on April 23.

Hope and Greenwood, which had excellent teams in the first last year, will be road teams this season because the towns are not large enough to support a home team, and these teams will play each other during the season on neutral grounds during the absence of the regular team from the city.

The Tail Lights will stage a practice game here Sunday with the Arlington Red Sox, and the entire lineup for the starter will be used by Rushville, including Plummer in the box. This game will be started at 2:30 sharp.

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

Mrs. Harry McMannus entertained the members of the Cross Country Club Wednesday afternoon at her home north of the city. An informal social afternoon was enjoyed by the guests and the hostess served a delicious luncheon.

Miss Ruth Seward entertained with a six o'clock dinner party Sunday in honor of her mother's birthday. Covers were laid for Mr. and Mrs. Quince Whitton and children Elizabeth and Robert, Mrs. Stella Davis and Miss Vera Seward of Arlington.

Miss Gertrude Elliott entertained the teachers of the Webb school Wednesday evening with a prettily appointed dinner party at her home in Connersville. The guests were the Misses Margaret Mahin, Sylvia Mullins, Marie Laughlin, Henrietta Talbert and Mary Cheevers.

Miss Louise Thompson, daughter of Mr. and Mrs. George Thompson, and Bert Redden of this county, were united in marriage Tuesday afternoon at 2:30 o'clock by the Rev. C. S. Black at the St. Paul's M. E. parsonage. Mr. and Mrs. Redden will reside on a farm southwest of the city.

The W. W. T. class of the First Baptist church held its regular meeting Wednesday evening at the home of the Misses Mary and Mattie Bates in West Tenth street. A short business meeting was held followed by a social hour during which games and music was enjoyed. Light refreshments were served by the hostesses.

Miss Nora E. Wright, a nurse of this city and Robert McIntyre, also of this city, were quietly married Wednesday evening at 8 o'clock at the St. Paul's M. E. parsonage by the Rev. C. S. Black, the ring cere-

mony of the Methodist Episcopal church being used. The bride is well known in this city, having been engaged as a nurse here for several years. The bridegroom has been a clerk at Allen's grocery store for a number of years. Mr. and Mrs. McIntyre will reside in this city.

The W. R. C. met in regular session Wednesday afternoon in the G. A. R. room of the court house. The program opened with a business session during which business matters of importance were transacted. Mr. Bosworth, who is a comrade, was present for this meeting. The organization celebrated Grand Army day and Mrs. Margaret English read an interesting paper on the Grand Army and closed with a recitation, "My Flag of '61." The members received an invitation from the auxiliary of Sons of Veterans to meet with them in two weeks to celebrate Grant's birthday.

Announcements have been made of the marriage of Miss Nina Mae Seward, daughter of Charles G. Seward of Robinson, Illinois, and Harry Taylor, son of Mr. and Mrs. Charles Taylor of Robinson, Illinois. They were quietly married April 3 at Robinson, Ill., by the Rev. Harry White. The bride is well known in and around Arlington, where she made her home with her aunt, Stella M. Davis, from the time she was five years old until she graduated from the Arlington high school in the class of 1921. The bridegroom is employed as a book keeper for the Ohio Oil Company. Mr. and Mrs. Taylor will be at home to their friends at 501 East Chestnut Street, Robinson, Ill.

The Truth Out.
She (rejecting him)—You love me merely for my money.
He—You mean I wanted you merely for your money.

Has Been in Training.

Easter Outerwear

For Women and Misses

They reveal the newest phase of fashion development. They are the "last word!" They have the elegance and character that qualify them for the most ambitious Easter outfit! They are in a word, so appealing from every viewpoint, that it would seem that any woman who selects Easter apparel without a visit to our Second Floor does herself an injustice!

Easter Suits

to gratify any whim.

Street Frocks and Afternoon Gowns

of the most recent and ravishing modes.

Graceful Coats and Capes

the elite, and favored and loveliest of fashion.

Veilings

By the yard in light or dark meshes or ready-made veils in many colors and designs. Just the thing to add to the Easter hat and frock—gives a finished appearance to the wardrobe.

All prices to suit all purses.

EASTER IS HERE!

And you want to look your very best, all nature will soon be dressed in the gayest of colors. We can help you:

HOSIERY IS IMPORTANT

Easter shoes achieve their smartest effect only when the hose above are in harmony.

The New Rolettes

Just as this ad goes to press, we have received the prettiest fancy hose it has ever been our pleasure to show. The new Rolettes—garters attached—fancy hose, beautiful quality.

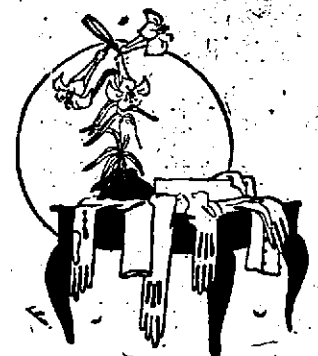

VanRaalte Fancy Silks—Black, White and Castor, Glove Silk, Stripes and Fancies. The hose we have been waiting on for months. Fancy Two-Toned Silk Hose—Navy and Black Striped, two colors in one hose. Everything new in Silks for Easter.

Our H300 are here in Black, Greys and White. The new shade, Nude in silk—pure silk, priced for any purse at \$1.50.

Modish Gloves for Easter Costumes

Complete assortment in Easter Gloves displaying all the fashionable 1922 novelties.

16 Button White Silk Gloves, ruffle up edge—Van Raalte make. Strap Gauntlets in White, Black and new shade of mode. All new showing for Easter.

Handbags Are Dressier

The bags for milady's use on easter are more unusual — so many new ideas have they captured. Shapes are all so novel that an individuality can be expressed by your handbag.

BEAUTY BOXES ARE QUITE CHARMING

Beads and Girdles

Braided bead girdles are quite the vogue. Special costumes can be greatly enhanced by the use of girdles, such as these.

Colored Silk "Sun & Rain" Umbrellas for Easter

Silk Umbrellas in colors, fancy handles and tips, \$6.00, \$7.50, \$8.00 and \$10.00

The Maury Company

FOR WEAR EVERYWHERE

SUITS EMPLOY CHECKS

OF BEAD-TRIMMED CREPE

TO CELEBRATE ANNIVERSARY

This smart day-time dress of smooth-faced wool suiting is of the sort approved by fashion for wear everywhere that suits are worn. Its lines are graceful and simple, revealing the development of draped effects in skirts. It adopts the vogue of picturesque sleeves, lined with silk in a contrasting color, and of handsome girdles of beads or metal.

Along with other causes for rejoicing that spring is here, comes this example of its offering in suits. The design is engagingly youthful and particularly neat looking, employing shepherd's check for the skirt and for embellishing the straight coat of plain cloth. It is shown in black and white, but is also made in colors and in either case it appeals to good taste.

When you go in quest of a new blouse keep in mind two phrases—"crepe de chine" and "over the skirt," and in all the displays you will find the blouses repeating them. There are many simple over-the-skirt styles similar to the pretty blouse shown here, and they invite the seamstress to try her hand at blouse making. This is made of a colored crepe, with white in the collar and cuffs, ornamented with stitching of silk floss and trimmed with beads.

The Modern Woodmen will initiate a class of candidates the night of May 25, and are now busy at work, with the goal set at 40, in honor of the 40th year of the society's existence.

The Woodmen will initiate a number of candidates Thursday night at their hall, corner of 3rd & Morgan Streets, and every member of the team of Foresters is urged to be present. Members who have not witnessed the ceremony of adoption as given by the Foresters with the new paraphernalia should make it a point to be present, it is said, as it will be a pleasant surprise to them to see the new work.

CREST IS DUE IN 36 HOURS

Indianapolis, April 13.—The crest in flood waters will be reached in lower channels of Indiana rivers within thirty-six hours, J. H. Armstrong, government weatherman here said today.

He said Wabash and White rivers are rising slowly and are above flood stage, but they will start receding, probably tomorrow night.

The west fork of White river rose half a foot at Elliston during

the night, making the stage 25.8 feet. On the main stream at Decker a rise of seven tenths of a foot was noted, the stage being 19.2 feet.

COPY FOR BALLOTS SENT TO PRINTERS

received the certified copy of the list of candidates as filed with the secretary of state, and last Wednesday when the candidates had all filed for the delegates, a complete list was made and the work of

printing the ballots will begin at once.

Application for absent voters ballots are already being received and the ballots will be sent as soon as they are printed.

BODIES OF HOOSIERS ARRIVE

Columbus, O., April 13.—The bodies of four Indiana soldier dead will arrive here tomorrow for transmission to their homes. They are Leonard A. Brewer, of New Albany, Otis A. Werts, and Martin V. Kendall, both of Shelbyville, and Charles C. Keefover of Vandalia.

James Whitcomb Riley Memorial Hospital Would Care for Indiana's Crippled and Ailing Children

Great Philanthropic Project Aided by Legislature

\$125,000 IS ALREADY VOTED

Memorial To Hoosier Poet Planned; Meeting In Indianapolis Today Assures Its Success

BY FRED MILLIS

"The James Whitcomb Riley Memorial Hospital for Children to be erected as a part of Indiana University in Indianapolis in connection with the Robert Long and City Hospital groups belongs to the state of Indiana," said Governor Warren T. McCray at the first public showing of the plans for the hospital at noon today at a meeting in the Riley Room in the Claypool Hotel, Indianapolis. More than 500 prominent Indiana citizens from every part of the state were present. The address of the occasion was made by James J. Davis, secretary of labor, who grew to manhood in Indiana, and who was a close personal friend of the Hoosier poet. Secretary Davis was introduced by Governor McCray. Honor guests at the luncheon included Meredith Nicholson, Booth Tarkington and George Ade.

According to Governor McCray, the children's hospital is direly needed in Indiana. Thousands of Indiana boys and girls are growing to maturity with club feet, mishapen limbs, bone pressure on the brain or other afflictions that modern science could easily adjust if there were a hospital where they could go for the necessary one to six months for medical attention. Mr. McCray pointed out that the last state legislature recognized this need for a children's hospital by appropriating \$125,000.00 for the first section which is to be built this fall, and pledging the maintenance of the hospital. It was announced by Hugh McK. Landon of Indianapolis, president of the James Whitcomb Riley Memorial Association that \$2,000,000 will be needed to erect the hospital and the convalescence home, according to the plans which the hospital executive committee has been working on for the last six months.

Dr. William Lowe Bryan, president of Indiana University, averred that the state is in reality giving the hospital an endowment of \$3,000,000, in that it has provided for \$75,000 a year for the first two years and \$50,000 a year continuously thereafter to take care of the general expense of the hospital. In addition, the state legislature has provided that all the cost of maintenance above the appropriation of \$50,000 or \$75,000 will be paid by the counties of the state in proportion to the children sent to the hospital by the various counties. Mr. Bryan said that this support would figure in total as five percent on an invested capital of \$3,000,000.

Modeled After Iowa Law

The law under which the hospital will be established is modeled after the law of the State of Iowa, under which a highly satisfactory children's hospital was put in operation a few years ago. This institution, according to Governor Warren T. McCray, who has inspected it personally and who also has in his possession a report of a committee of which Dr. William Lowe Bryan of Indiana University was chairman, is regarded as one of the model children's hospitals of the country. The Indiana statute takes great benefit from the practical experience which have become apparent under the operation of the Iowa law.

It has been explained that under the law all children in the state of Indiana who need medical attention may be admitted without cost to them, to the James Whitcomb Riley Hospital for Children as rapidly as facilities will permit. The parents, guardians or any interested friend of any child needing medical or surgical attention may go before the Circuit Judge of his county, who has the power to commit the child to the hospital, and the hospital must admit the child as soon as it is possible to give it proper attention. Children whose relatives are able to pay for their care at the hospital may do so, but this is not compulsory.

The Riley Hospital will be under the control of an executive committee composed of William Lowe Bryan, president of Indiana University, George A. Ball, Muncie Ira G. Bateman, Bloomington and Louis C. Bobbs, James W. Fessler, William C. Huesmann, Hugh McK. Landon,

Benjamin F. Long, Carleton B. McCullough, Lafayette Page and Samuel E. Smith of Indianapolis. The members of the James Whitcomb Riley Memorial Association undertaking to raise the additional funds for the hospital are Hugh McK. Landon, George Ade, Frank C. Ball, William C. Bobbs, Frederick E. Schortemeier, Arthur V. Brown, Henry W. Bennett, Charles E. Coffin, Fred C. Dickson, James W. Fessler, William Fortune, Wm. Pirtle Herod, George C. Hitt, Louis C. Huesmann, Hewitt H. Howland, Josiah K. Lilly, Carleton B. McCullough, Meredith Nicholson, Lafayette Page, Frank D. Stalnaker, Evans Woollen and Booth Tarkington.

Quotas Announced For Each

The days program started with a conference at the Claypool at ten

o'clock when the quotas were announced for each Indiana county for its share in the fund that is needed to complete the \$2,000,000, by John B. Reynolds of Indianapolis, general secretary of the Indianapolis Chamber of Commerce, who has volunteered as director of the campaign. L. C. Huesmann of Indianapolis is chairman of the finance committee and is co-operating with Mr. Reynolds in directing the campaign. The co-operation of women's clubs and business men's organizations such as the Rotary, Kiwanis and Optimists' Clubs all over the state will be enlisted in the near future. Campaign headquarters will be opened in Indianapolis within the next ten days, according to Mr. Reynolds.

At the meeting a number of large

subscriptions were announced bringing the total funds to approximately \$300,000. This amount includes the \$125,000 appropriated by the last legislature for the hospital. Among the larger individual gifts announced was \$25,000 given by the Ball Brothers of Muncie, Indiana. Indianapolis Men Pledge Support Fifty Indianapolis business men have pledged themselves to raise between \$400,000 and \$500,000 in Indianapolis. "If Indianapolis will do this the rest of the state can be counted on for the other million and a half," said Frank M. Hatfield of Evansville, president-elect of the Rotary clubs of Indiana, who, at their recent convention selected the Riley Memorial Hospital for Children as their favorite charity.

The hospital, as explained by Dr.

Lafayette Page, is to be divided into four groups of buildings; ward buildings, service building, convalescent home, and administration building. The hospital is planned to care for 350 patients, and will be situated in the hospital group, between the Robert W. Long hospital and the Indianapolis City hospital. The Riley buildings will face east on the ground which has been pledged by the park board of Indianapolis a recreation park for all three hospitals. The ward building will extend to the south, giving sun and air all around the ward buildings and the service building to the north. The ward building will be two stories high. On the ground floor the orthopedic and surgical cases will be cared for, with doors leading from all the wards out onto the open terrace.

The second story of the ward buildings will be given over to the medical or pediatric cases. Directly north of the ward buildings, and connected to them by a corridor, will be the operating rooms, X-ray room, school rooms, receiving ward, dental clinic, rooms, laboratories, and other rooms.

The administration building will

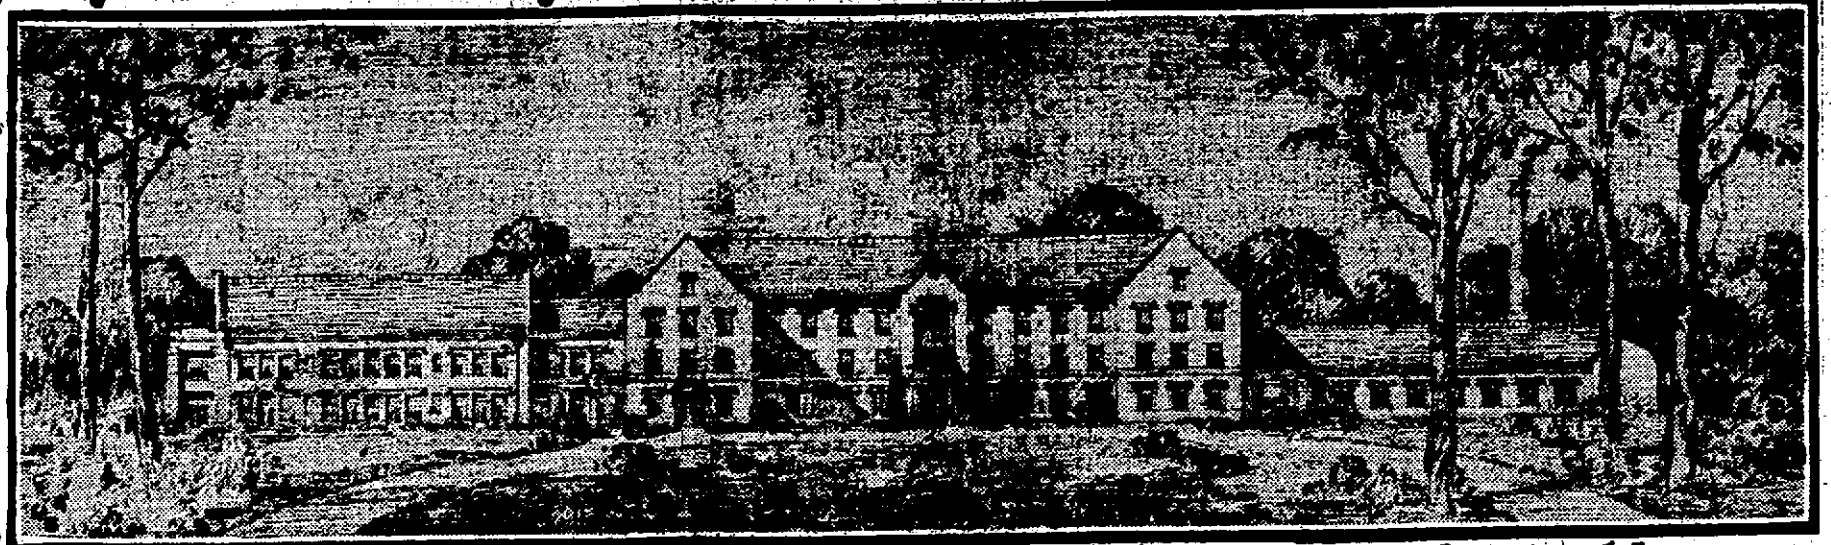

face the east, and will be three stories high. On the ground floor will be the main entrance, the waiting rooms, the office, the out-patients' department, and the babies' feeding station. A large gymnasium is to occupy the south end of the administration building, and will be used by out-patients and convalescent hospital patients for corrective exercises. The upper stories of the administration building are to be given over to private patients, the receiving ward, and internes quarters.

The service buildings will house the central kitchen and the laundry, which will be built for a capacity to take care of the Riley hospital. The intention is to include in the service group a power house that will supply heat and current for the Long hospital, the Riley buildings, and all other buildings that may be added at a future time.

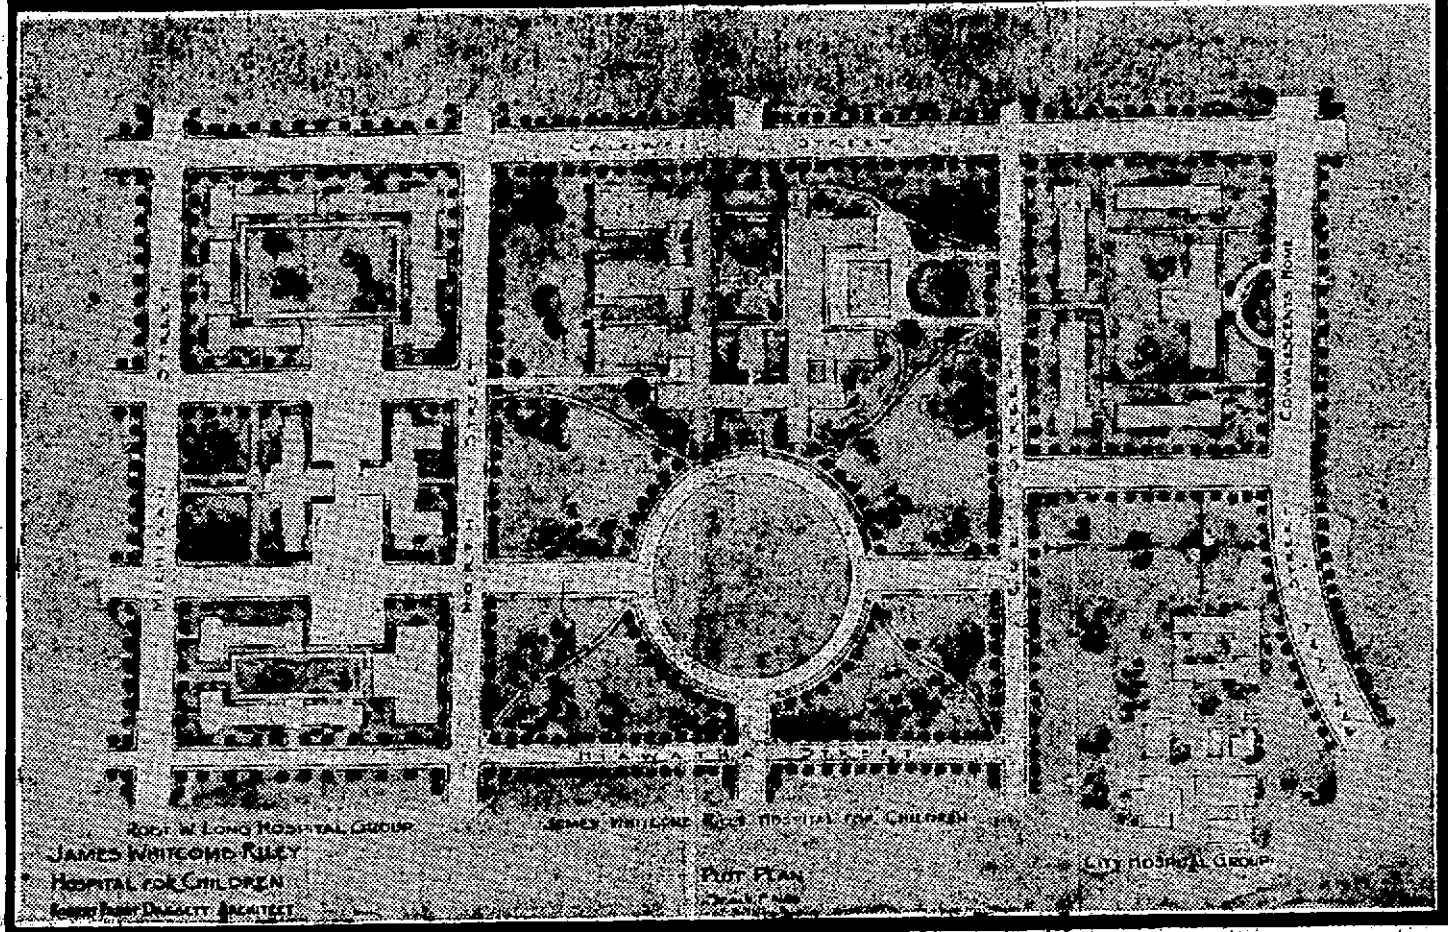

Directly to the rear of the administration building will be an auditorium that will be accessible from the hospital side as well as from the outside.

The convalescent home may be

READY TO BEGIN NEGOTIATIONS

Great Britain is Looking Toward
Refunding of the \$11,000,000-
000 Allied Debts to U. S.

OTHER NATIONS ARE READY

Three or Four Months May Pass Be-
fore Funding Negotiation Mat-
ters Are Settled

By HERBERT WALKER
(U. S. Staff Correspondent)

Washington, April 13.—Great Britain has informed the State Department that she is ready to begin immediate negotiations looking toward the refunding of the \$11,000,000,000 Allied debts to the United States, it was learned officially here today.

The other debtor nations will not cause any delay in the negotiations. Assurances to this effect have already been received from France, Belgium and Italy, it was said.

How long the funding negotiations will require, members of the debt commission are unable to estimate, but three or four months may pass before all matters are settled. Great Britain already has promised to resume her interest payments in October. The obligations now in the form of IOU notes probably will be put in the form of definitive bonds. The interest which has been running since the loans were made more than three years ago, now amounts to more than \$1,500,000,000. This will be funded.

A trip to Europe late this summer to gain information as to economic conditions is being considered by the congressional members of the American commission—Smoot and Burton. Secretary Hoover may join them on this trip. The other members—Secretaries Hughes and Mellon—will not make the trip.

Burton said today that his membership on the commission did not of itself exclude him from the Ohio senatorship race, adding that he had not reached a definite decision on the matter.

Great Britain's commission is expected to arrive here within a month, closely followed by the representatives of the other nations.

Indications are that the United States and Great Britain—the two big credit nations—will stand together in the negotiations against any moves of France or any other power toward a cancellation of the debts. Both governments, however, will grant liberal terms for payment. Great Britain already has served notice on France that she expects payment of all the French-British obligations. Much of the \$4,000,000,000 loaned by the United States to Britain was loaned to other countries.

RABIES GRIP LIVESTOCK

Dogs in Bloomington Are Muzzled
to Prevent Spread of Disease

Bloomington, Ind., April 13.—Dogs in Bloomington and surrounding towns were muzzled today to prevent spread of rabies which has taken a grip on livestock in this locality.

Many farmers have killed their livestock which became infected with rabies.

Seven cows, two calves, two sheep, a hog and a large number of dogs have been killed within the last few days.

A quarantine on cattle and dogs in regions where the disease has been most prevalent holds for thirty days.

HOW MANY SHEEP TO A FARM?

Plan of Live Stock Production Recommended by the Department of Agriculture.

For 160-acre farms of all-arable land a plan of live-stock production has been recommended by the United States Department of Agriculture which includes 80 ewes (one ewe to two acres) along with 22 breeding cows and 12 brood sows. Arable land of the best class when used exclusively for sheep, can be made to support from five to eight ewes (with their lambs until marketed) per acre. On pastures suitable for either cattle or sheep five ewes may be considered the equivalent of one cow or steer, and the winter feed required for one breeding cow not in milk would be equivalent to that needed for about eight ewes.

GOOD FEEDS FOR FATTENING

Cane and Beet Molasses Tested at Iowa Experiment Station in Feeding Steers.

Cane and beet molasses are good feeds for fattening steers. The only question, in some cases, is whether it is economical to feed it in competition with cheap corn. Tests at Iowa experiment station, with two-year-old steers, showed a loss on every ration tried, but there was a smaller loss when cane and beet molasses were omitted from the ration in one set of feeding tests. Tests a year ago last winter brought this bit of advice: "Go slowly in purchasing either cane or beet molasses if the price is higher than corn, pounds for pound." If a feeder wants to use a pound or so a day per steer for an appetizer he can afford to pay more for it.

Watch the Ewes Closely.
Pregnant ewes should be closely watched and means devised that each member of the flock receive proper care.

Making Small Fields Hogs.
By making small fields and keeping each cropped, hogs may be raised with a minimum of expense.

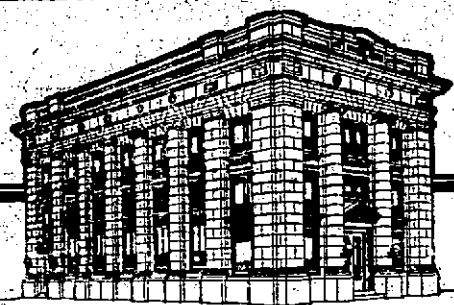

Excellent Hog Pasture.
Dwarf Essex rape makes excellent pasture for hogs. A deep, rich soil is suitable.

Bride of 8 Months, Who is
77 Years Old, Asks Divorce
Laporte, Ind., April 13.—A
bride of eight months, Mrs. 6
Rhoda Johnson, age 77 years,
has filed suit for divorce at
Valparaiso, near here, from
Hiram O. Johnson, 82, charging
cruel and inhuman treatment.
The couple had been sweet-
hearts in the civil war days,
but had drifted apart. Johnson
returned from Seattle, Wash-
ington, in 1921, and wooed and
won his former love. They
were married August 7. Mrs.
Johnson asked alimony.

THE SAFE WAY

Have your car examined or overhauled before beginning its regular spring and summer use.

Cars get more or less out of order during the severe winter weather, and do not work as perfectly as they should. This additional wear and strain of the affected parts means increased expense to you if allowed to continue.

Failure to correct these defects has caused the wrecking of many cars. We are fully equipped to take care of any car.

BROOKLYN NURSE RECOMMENDS THIS STOMACH REMEDY

Personal Experience Shows Benefits of Jaques' Little Wonder Capsules for Indigestion and Dyspepsia

"From personal experience I am satisfied that Jaques' Little Wonder Capsules are a splendid preparation, and I have no hesitancy in recommending them to others who are troubled with various stomach derangements. They have proven very beneficial," writes Susie C. Clark, registered nurse of 55 Hicks street, Brooklyn, N. Y., to the Jaques Capsule Company, Inc., of Plattsburg, N. Y.

Hundreds of Letters.
Nurse Clark's is but one of many letters which have been sent to the Jaques Capsule Company commending the valuable discovery which is now being put up in convenient capsule-form for the relief of indigestion, dyspepsia and the disorders due to overeating or the eating of food which is difficult to digest.

Jaques' Little Wonder Capsules are not supposed to cure all diseases, but they are guaranteed to give satisfying relief for disorders of the stomach. They bring quick relief in mild and acute cases, and gradually relieve chronic and obstinate dyspepsia, indigestion and constipation.

Save Your Stomach!
The welfare of your whole system is dependent upon the stomach. If your stomach functions properly, food is easily and thoroughly digested and quickly assimilated into the system, making rich red blood and renewing the body waste. If you suffer from indigestion, dyspepsia, catarrh of the stomach, sour stomach, constipation or other disorders or derangements of the stomach or digestive tract, your food is imperfectly digested and often decomposes in the stomach, poisoning the system. Gas forms, producing a dull, heavy feeling, headache, nausea,

fetid breath, heartburn, biliousness and many other ailments result. The undigested food causes loss of appetite and malnutrition. General debility frequently follows and life is shortened. Jaques' Little Wonder Capsules aid in relieving these conditions, assist digestion and tone up the stomach. **Save your stomach and you prolong your life.**

Satisfaction Guaranteed.
Physicians, nurses, dentists, ministers, business men and prominent men and women in all parts of the United States have been astonished at the marvelous relief they have experienced from stomach troubles of long standing after taking but a few of these capsules.

Jaques' Little Wonder Capsules are harmless. They contain no irritating or poisonous drugs, and are sure relief for indigestion, dyspepsia and constipation without fuss or bother. You simply take one or two capsules and a swallow of water. They are sold under a strict guarantee to refund the money to anyone who is dissatisfied after giving them a trial.

On sale at **OREN'S PHARMACY**, 224 North Main St., Rushville, Ind., or 60 cents by mail postpaid for large package from Jaques Capsule Co., Plattsburg, N. Y.

N. Y. City Safest Place To Be Born

(By United Press)

New York, Apr. 12.—Where in the United States is the safest square mile to be born?

It is in the heart of New York City in the crowded upper East Side district, where people from all over the world are huddled as neighbors. At least this is the belief of the Maternity Center Association, of which Miss Mabel Choate, daughter of the late Joseph Choate, is president. The association is an authority upon maternity protection.

In the one selected area, extending twenty city blocks one way and a half mile the other, everything humanly possible will be done to give every new baby a fair start in life. It is estimated that this year 4,000 babies will be born in the section.

Science long ago exploded the fallacy that nature can get along without assistance in the matter of bringing babies safely into the world. Such organizations of doctors and nurses as the Maternity Center Association have proved conclusively that proper care before during and after the arrival of the baby can cut down the death rate of mothers from one-half to two-thirds, and the new born infant death rate one-half.

In the dense city areas formerly one mother died for every 205 babies born. One out of every 26 babies die under one month of age, and one out of every 21 babies was born dead. Prenatal care was given, however, only one mother died for every 500 babies born, one out of every 51 babies born died under the age of one month, and one out of every 42 babies was born dead. This was proof that prenatal care could save lives. The association resolved to perfect the methods of care for the benefit of the 20,000,000 mothers in the United States and the 200,000 babies who die annually from causes incident to childbirth.

A carefully planned demonstration is now being made to establish the essentials of maternity care in contrast to procedures which are the outgrowth of customs and traditions.

Fellowship of Prayer

A daily Lenten Bible reading and meditation prepared by the Commission on Evangelism of the Federal Council of Churches for the use of the churches and individuals.

Thursday—The Victory Through Surrender.

Nevertheless, not my will, but Thine, be done. St. Luke 22:42.

Read St. Luke 22:7-27; 39-65.

"Times come when saving others means that we cannot save ourselves."

Meditation: That victory belongs to the strongest fighter is the error of the ages. I am conqueror when I overcome self in needed self-surrender.

Prayer: (For a host of Christ-like men to lighten the world.) O Father of Jesus we bless Thee for the Matchless One, and for His victorious life and death. May no shallowness or hypocrisy vitiate our allegiance. Save us, we beseech Thee, from choosing any other foundation for our lives. If there are Gethsemanes and Calvaries for us to brave, may His spirit not fail us in the testing; and grant us the joy of the Easter song of life that defies death, now and always. Fulfill our desires, we entreat Thee, through the crucified and risen Lord. Amen.

Hymn:
Spirit of God, descend upon my heart;
Wean it from earth; thro' all its pulses move;
Stoop to my weakness, mighty as Thou art,
And make me love Thee as I ought to love.

Says Earth's Flat

Chicago, April 13.—Here's the last word in astronomy by Wilbur Glenn Voliva, ruler of Zion City who spoke here:

"The sun is thirty-two miles in diameter and is only 2700 miles from earth. Those who say it is millions of miles away are all wrong.

"The earth is flat like a pancake with edges surrounded by mountains of ice to keep the folks from falling off.

"I have been misquoted by persons who stated I said the sun hangs from a chandelier. It just hangs, that's all."

Tire of Education And Try Hands at Home Making

Laporte, Ind., April 13.—Two juniors in the Laporte high school tired of getting an education and got married instead, it became known today when inquiries were made as to why they remained away from school. Miss Magdalene Borg, 18, and Wilbur Boardman, 19, today admitted they were married in St. Joe, Michigan, October 24, 1921. They continued attending school until a few days ago. Boardman, a good basketball player, attended long enough to finish the basketball season and then got a job in a drug store.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Her-
self Feeling So Well

Taunton, Mass. — "I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it all. I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimony for the good of others." — Mrs. ELANOR ST. VITZ, 69 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

AMUSEMENTS

Bebe Scores Another Triumph.

Now Bebe, Daniels and Reallart Pictures have done it—gone and made a picture dealing with the prohibition question! They trace it right back to the base of supply, too, in "A Game Chicken," which opened Wednesday night at the Princess theatre, and which you will want to see, because it scored heavily.

Inez Hastings, played by Miss Daniels is the daughter of a New England Yankee, and a high-born Spanish senorita. She meets Pat O'Malley, an American, at a cocktail and he follows her from Cuba to Massachusetts, and on board the rum-smuggling schooner, after it has been set afire, engages the Spanish villain in battle, which leads to explanations and happiness for Inez and her secret service sweetheart. The supporting cast includes James Gordon, Martha Mattox, Gertrude Norman, Hugh Thompson, Chas. Force and Mattie Peters. The story was scenarized by Fred Myton, and directed under the supervision of Elmer Harris.

Serial at Mystic Today

Painters and poets have always sought to visualize the majesty and power of a raging storm with their words or their brushes. Regardless of their fear inspiring qualities—a deluging rainstorm, a fierce electrical storm, cyclone or tornado—are beautiful manifestations of Nature's temper. Motion picture producers

have come to know the power of attraction that storm scenes hold, as well as the artist, the playwright and the poet, and many of the big screen dramas of today have made fame because of some one particular scene of this sort.

In the new serial, "The Blue Fox," starring Ann Little, which comes to the Mystic Theatre each Thursday there are vivid and realistic scenes of a storm at sea that compare with any heretofore seen on the screen. These scenes, showing a little schooner being buffeted in the grasp of a raging tempest, were made under actual conditions, and they stand out not only as vivid and unusual spectacles, but also as genuine examples of the achievement and efforts of motion picture producers today.

These storm scenes appear in Episode 6, which will be shown at the above theatre.

POPULAR SWEATERS

In the bright lexicon of youth is written the sweater, and a sweaterless wardrobe is not to be imagined—either for young or old. The tuxedo or sweater-coat is deservedly the most popular style, made of wool or of silk yarn like that one pictured here. It is shown in many colors and in black or white. Collar and cuff sets of checked silk or plain linen are fashionable with the quieter colors.

SUFFERS A STROKE

Claude Hunt, 312 West Tenth street, who recently moved to Rushville with his family from a farm, is seriously ill, having recently suffered a stroke of paralysis.

NOTICE TO BIDDERS

Notice is hereby given that the Board of County Commissioners of Rush county, Indiana, will receive sealed bids up until two o'clock p. m. on

MONDAY, MAY 1st, 1922, for the repair of the James Forbes Bridge in Ripley Township, Rush County, Indiana, as per plans and specifications on file at the Auditor's office in Rushville, Rush County, Indiana.

All bids must be accompanied by bond.

The Board reserves the right to reject any and all bids.

Witness my hand and the seal of the Board of Commissioners of Rush County, Indiana, this 10th day of April, 1922.

PHIL WILK,
Auditor Rush County, Indiana.

AVIATION INCLUDED IN COLLEGE COURSE

Purdue Students in Engineering
School Are Grasping New
Branch, Showing Interest

COURSE FOR SENIORS ONLY

Lafayette, Ind., April 13.—Avia-
tion is now included among the reg-
ular subjects taught at Purdue Uni-
versity. It is proving particularly
attractive to students in the school
of engineering.

Two hours of class work and six
hours of design work are offered
running through two semesters. The
course is open only to seniors in the
engineering school.

Each student, during the course, is
required to design an engine suited
for a particular phase of engineer-
ing. Second semester classes study
the theory of flight, meteorology and
various instruments used in practi-
cal service. Detailed studies are
made of aircraft and its future de-
velopment.

The University owns one plane and
two aircraft motors. Future plans
of the school call for a large engine
testing plant and air tunnel.

Easter Shoes

By HEDDA HOYT

(Written for United Press)

New York, April 13.—The spring
shoe styles this year show no rad-
ical change except that they have
a tendency toward moderation.

The cut out sandales and pumps
with the open work vamps are not
considered as smart as they were
last season. In fact the sandal
types all seem to be greatly mod-
ified and the shoe with the strap
dividing the instep which connects
to the cross instep strap, is perhaps
the most successful of the new com-
binations. Often the sides of a shoe
of this kind will be cut deep and
the Cuban heel or military heel is
generally used. Only a few of the
real dressy models appear with the
high French heel. This lowering of
the heel is noticeable in all of the
smart shoe shops, but there seems
to be enough of the higher heels
to supply the demand which the
older matrons will undoubtedly
create.

The shoe with the elastic goring
is one of the smartest of the new
spring models. If it is as comfort-
able as its predecessor, "Grandpa's
old comfort slipper," it will be
widely used during the summer. The
snugginess with which it fits over the
instep makes it particularly becom-
ing to the foot and when one con-
siders that it slips on without having
to be fastened, it surely seems at-
tractive. The gores of elastic are
placed at the sides and the vamp
comes well up over the foot. This
type of shoe has been worn in Lon-
don for some time and it is consid-
ered far more chic over there than
the French shoe with the many cross
straps.

Colors predominate in shoes just
as they do in hats and gowns this
year. There are taupe and beige
kinds, trimmed with strips of patent
leather over the toes and with pat-
ent straps. Red heels are shown,
though American women do not
seem to take to them as they do in
Paris.

The newest shoe feature is the
dyeing of white shoes to match the
costume with which they are to be
worn. A taupe gown with henna em-
broidery appeared on Fifth Avenue
the other day with shoes of taupe
with henna heels. This color idea
carried out in the shoes gave an in-
teresting appearance to an other-
wise usual costume. Black satin
combined with patent leather is new
and looks well with the dressy
gown. Then there are combinations
such as beige and brown, black and
white, grey and patent, all of which
are attractive without calling too
much attention to the foot.

Vamps seem to be growing a lit-
tle longer though it is to be hoped
we will never return to those abom-
inable pointed affairs of a few
years back.

"A Little Off of Main, But it
Pays to Walk."

LARGE WEEK NIGHT CROWD

Big Attendance at Pre-Easter Week
Christian Church Services

An unusually large week night au-
dience gathered at the Main Street
Christian church Wednesday even-
ing for the Pre-Easter week ser-
vice. A spirited song and prayer
service was held after which the
pastor spoke on "The Trinity of
Errors," which were the "Way of
Cain, the Error of Balaam, and the
Gainsaying of Korah."

Mrs. Charles Offitt and Walter
Frazee sang a beautiful duet. There
were two additions to the congre-
gation. Tonight the subject of the
discourse will be "Finding a For-
tune" and Mrs. Lucia Behr will
sing.

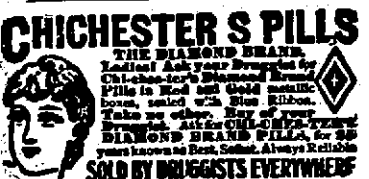

PULLS OUT COPPERHEAD

Bloomington, Ind., April 13.—Will
Sare reached into a grass sack to
get some onions and wedges and
pulled out a full grown copperhead
snake. Will dropped it. He had
just returned from a wood cutting
expedition on the Hastings farm
where he had left the sack under a
log.

Scale Books for sale, price 65c,
at The Daily Republican Office.

PAY TELEPHONE TOLL

Don't overlook to pay your tele-
phone toll before April 12 if you
wish to avoid paying 15 cents ex-
tra for collection. No notice will be
given by telephone. M. V. SPIVEY,
17110. Secretary.
